ECHOES

1949-50

Dedication

C. E. Yauch

R. M. Putnam

This Year Book is dedicated to Mr. C. E. Yauch,
principal of Olds School of Agriculture

— and —

Mr. R. M. Putnam, Superintendent of Schools of
Agriculture.

***A Message from
The Minister . . .***

ANOTHER year has come and gone; another class has graduated from the Olds School of Agriculture. To those graduates I offer hearty congratulations and good wishes.

The Schools of Agriculture are charged with one of the most important responsibilities of the present day—that of training and educating the young men and women who will be the farm people of the future. As the population of the world increases, and the area of productive land decreases due to erosion and other causes, there is greater and greater need for the intelligent use of the land. I sincerely trust that the graduates of the Schools of Agriculture will take a leading part in the years to come in developing a method of farming which will conserve the resources of the soil and at the same time produce a maximum of the products required to sustain the people of the world.

I wish you good fortune, and a career from which you will gain a full measure of satisfaction.

—D. A. URE,
Minister of Agriculture.

***A Message from
The Deputy Minister . . .***

I AM very pleased to take this opportunity of expressing a few words to the students of the Olds School of Agriculture, and to congratulate those who complete their course this spring and leave to assume the work they have chosen. As in years gone by, most of the graduates will return to their home farms.

I know they will have many occasions in the days and years ahead to make use of the training and experience they acquired at the School of Agriculture. Because farming is a way of life, the courses and organization of the Schools of Agriculture and Home Economics are planned not only to provide information, but to give experience in a wider field, as well. Graduates of a School of Agriculture and Home Economics have more than average responsibilities to assume as residents of their home communities, and because of the opportunities they have enjoyed, more will be expected of them. I would urge each and every one of you to accept these responsibilities; you will gain much satisfaction from serving your community.

I wish you success and good fortune in the days ahead.

—O. S. LONGMAN,
Deputy Minister of Agriculture.

STAFF

Principal's Message

The request for a message to be used in the O.S.A. Year Book makes us realize that another year in the history of the O.S.A. is almost over.

It seems but a short time ago that you came to us as students—some for the first time, and others to take the second and final year of the course. Some were having the experience of being away from home for the first time. All have made new friends,—had freedoms and responsibilities unknown to you before. Under these new conditions and situations you have had to conform to certain regulations necessary for the operation of a school such as ours.

The School has attempted to increase your abilities and widen your interests along several lines. In your associations with your fellow students you have developed to some extent the desirable qualities of tolerance, fair play, and good fellowship. In other activities you have been given an insight into the cultural side of life. We have attempted to show that the vocation of agriculture can be just as honourable and satisfying as that of any other profession.

The harmony that has existed between staff and students is greatly appreciated and we will follow with a kindly interest your future life. The O.S.A. is held in high esteem by its graduates. Our hope is that you also have caught something of this spirit.

—C. E. YAUCH, Principal.

Message from Dean of Women

The school term again draws to a close. Graduation, the goal toward which another group of students aspire, will soon be an event of the past. For some, this may mean your final formal schooling; for others, only one in a series of graduations or steps, as you advance to other institutions of learning. In either case, if you applied yourself diligently while here, the training and experience you received will never be forgotten. For some, this may have been your first severance from home ties; for many, it has been your first experience in a dormitory residence. For each of you, this association of individuals with diverse tastes, interests and backgrounds has, no doubt, in itself, contributed more than any other one thing to make you a more tolerant and mature young woman or man.

It is with pleasure I extend my congratulations to the graduates of 1950.

—GWEN CAVERHILL, Dean of Women.

Message from Dean of Men

Residence life, I believe, provides opportunities to develop many of the personal qualities essential to citizenship for democracy. A dean's supervision should be guided by sincere interest in the individual development of each young man's character. Objectives should include the factors: honesty, tolerance, respect and consideration for fellow residents and for those having responsibilities, respect for regulations essential to more satisfactory group living, acceptance of responsibility and leadership, participation in sports and social activities, and, above all, self-discipline and self-respect.

Training for acceptable self-discipline and social behavior is a prolonged task, but the intangible rewards are invaluable. Each fellow, including the dean, gains a more thorough understanding of human nature and appreciation of the problems of others.

To each graduate, and non-graduate, I extend continued friendship and respect.

—FRED C. JORGENSEN, Dean of Men.

STAFF BIOGRAPHIES

C. E. YAUCH, B.Sc. (Agr.)

Born at Lafayette, Indiana. Came to the Calgary district in 1909. He attended the Claresholm School of Agriculture, and graduated from the University of Alberta in 1924 with a B.Sc. One term was spent as a graduate student at Macdonald College, P.Q. Before becoming principal, Mr. Yauch taught Chemistry, Soils and Plant Husbandry. At present teaches Farm Management.

Member of the Agricultural Institute of Canada.

GWENDOLYN R. CAVERHILL, B.Sc.

Born at Lacombe, Alberta. Attended high school there and Normal School in Edmonton. Taught public school in the Red Deer School Division. Received degree of Bachelor of Science in Household Economics from the University of Alberta in 1946. Completed Post Graduate work in Dietetics at the T. Eaton Company in Montreal and worked one summer in the Home Service Department of the Consumer Gas Co. in Toronto.

Came to O.S.A. in September, 1947, to teach Household Administration, Cooking, Nutrition and Handicrafts. She is now Dean of Women and Dietitian.

FRED C. JORGENSEN

Born at Cereal, Alberta. Attended public school near Sedalia and studied most high school courses by correspondence. Attended Calgary Normal School in 1945 and the University Summer Schools in 1945 and 1946. Won the Edmonton Journal scholarship in music in 1946. Earned special certificates in Art and Music in 1946.

Taught school near New Brigidon and in Oyen. Appointed to the O.S.A. Staff as instructor in Mathematics, English and Economics and as the Dean of Men, September, 1947.

W. C. KIRK, B.Sc.

Born in Saskatoon, Saskatchewan. Received high school education in Vancouver, B.C. Graduated from University of Saskatchewan in 1948 with B.Sc. in Agricultural Engineering. While attending school was actively engaged in music and dramatic circles. Member of American Society of Agricultural Engineers. Part time instructor in Red Deer Composite High School in 1948-49. Appointed to O.S.A. staff, September, 1949.

H. J. ARMSTRONG

Born in Compton, Quebec. Moved to Manitoba when very young, then on to Vermilion in 1907. There he received his public and high school education. Joined the staff of V.S.A. in 1926 as Farm Foreman. Later instructed in Blacksmithing there. Came to O.S.A. in the fall of 1941 as instructor in Metal Work.

G. W. CARTER

Born at Lomond, Alberta. Educated at Galahad, taking Normal at Camrose. Taught school at Killam and Camrose. Appointed to O.S.A. staff as Woodwork and P.T. instructor in 1944.

F. C. MacINTYRE

Born in Mountain, Dundas County, Ontario. Received teaching certificates from Regina and Household Economics training at McDonald Institute, Guelph, and Oregon State College.

Taught public school in both Ontario and Saskatchewan prior to joining the staff at Claresholm Agricultural College.

Has been instructress during the winter months at Olds since 1931, the summer months devoted to women's extension work.

E. M. J. NELSON, B.A.

Born in Milton, Ontario. Came west in 1906. Graduated in Arts from the University of Alberta in 1914. Took the Agriculture course at O.S.A. in 1916. Taught school in Alberta for four years. Married a farmer and farmed for 33 years at Cluny, Alberta. Took the two-in-one course in Home Economics at O.S.A. in 1948-49. Appointed to O.S.A. staff as instructress in Household Administration in 1949.

H. MOSESON

Born and educated at Wetaskiwin, Alberta. Graduated from O.S.A. in 1939. Received instruction in Household Economics and Education at the University of Alberta. Principal of the Ferintosh High School 1942-43. Accepted position as instructress in Household Economics at O.S.A. in 1943.

STAFF BIOGRAPHIES

MARGARET M. McKIM, R.N.

Born in Winnipeg. Received public school education there and then moved to Calgary in 1941. Completed education at St. Mary's Girls' School in Calgary. Enrolled as a student nurse at the Holy Cross Hospital School of Nursing in September, 1944. Graduated in May, 1947. Won the Dr. D. S. MacNab award for Proficiency in Surgical Nursing. Now college nurse at O.S.A. and instructress in Nursing.

M. W. MALYON, B.S.A.

Born in Uxbridge, Ontario. Graduated from Guelph Agricultural College in 1920, having entered following his return from the war. Served overseas in Tank Corps.

Came to O.S.A. immediately following his graduation. He instructed during the winter months at the College, and carried out field work for the Provincial Government during the summer.

V. E. MOLSBERY, B.Sc.

Born in Consort, Alberta, while still very young, on March 31, 1925. Moved to Bowden, Alberta, in 1936, where he completed his public and high school education. Joined the Air Force in 1943 and was discharged in 1945 as a Sergeant Gunner. Attended University of Alberta in 1946. Graduated in 1949 with B.Sc. in Agriculture. Married Miss Anne McKee in spring of 1949. Appointed to O.S.A. staff in 1949.

DONALD R. MACPHERSON, B.Sc., Ag.

Native of province hailing from Delia where he is still engaged in the business of farming during summer. He is a graduate of O.S.A. class '37 and University of Alberta class '42. Dean and Instructor in Poultry and Dairying at Vermilion School of Agriculture during '47-'48 and is now teaching Animal Husbandry at the O.S.A.

HARLOW W. SUTHERLAND, B.S.A.

Born at St. Paul, Minn., in 1916. High school education at University of Minnesota in Agricultural Biochemistry.

Member of the Chi Phi Academic Fraternity, Sigma Phi American Honorary Scientific Fraternity; Member of the Chemical Institute of Canada.

Served on the Staff of the British Admiralty Technical Mission in Canada from 1941 to 1944 as Technical Examiner.

At present actively engaged in fur farming in the Olds district.

Teaches Chemistry and Physics.

D. M. KEMP, B.Sc.

Born at East Orange, New Jersey. Received most of public school education in Denver, Colorado, finishing in Calgary. Returned to Colorado and attended the Denver University and Colorado Agricultural College, graduating with the degree of B.Sc. in Home Economics.

During the first war was chemist at Great Western Sugar Factory in Greeley, Colorado and taught sciences in high school at Ault, Colorado.

Came to O.S.A. in 1922 as Dean of Women and Dietitian, Cooking and Nutrition. Left O.S.A. to be married. Returned as Librarian in October of 1948.

KATHLEEN BARCLAY, Stenographer

Born at Erskine, Alberta, and later moved to Tees. Attended High School in Tees and Lacombe. Took a business course in Stettler, and graduated from there in January, 1949. Came to O.S.A. in January, 1949.

SHIRLEY VOYSEY, Stenographer

Born in Stettler, Alberta. Attended high school in Stettler. Took a business course there and graduated from the College in June, 1949. Worked in the Treasury Branch in Stettler before coming to the O.S.A. in September, 1949.

A. R. HOEFLING

"Bud" was born in Calgary and moved with his parents to farm at Alliance in 1919. After attending public and high school there, he was employed by a weekly newspaper publisher and later by the Provincial Treasury Department in Camrose, Killam, Rocky Mountain House, and Olds. In 1948, he transferred to the O.S.A. as accountant.

Bud, the trumpeter, is an asset to any band or orchestra.

Editorial . . .

IT is with great diffidence that I write this editorial. I should like to ask each to bear in mind the teachings and standards of O.S.A. in years to come and to continue your life with the same enthusiastic spirit that you maintained as an O.S.A. student.

There have been the high spots and the low, as in all walks of life. We came with a note of homesickness and we leave sadder, as we part from our friends, but wiser to take up life's tasks.

No matter what our vocation let us remember the O.S.A. motto, "Opportunity, Service, Advancement". Let us take and make opportunity, when and where we can; be of service to others; endeavour at all times to make the most of our own lives. No matter how small or how great our duties, keep this goal ahead. The memories alone will give each a "lift" over some difficult or trying episode. Let us learn to take things in our stride. We have done so in the time we have spent here so why not in the years to follow?

I, personally, wish everyone good luck for the future and may each attain his particular objective.

—BETTY BOULTON, Editor.

"ECHOES"

O.S.A. YEAR BOOK, 1949-1950

THE Year Book is actually the most valuable, tangible souvenir we can take from any institution. The O.S.A. Year Book staff has kept this fact in the fore-ground in all its planning for the "Echoes", during the 1949-1950 school term.

We are proud to have the leadership of Betty Boulton as editor, and Harold Schielke as assistant editor. Then too, we have been fortunate to have Jack Hooper as business manager with Murray Dodd as assistant.

A co-operative staff has been essential in the successful production of the Year Book. Merle, Marilyn, Ken and Dairoku have contributed interesting write-ups. Leola, Harvey and Scott have donated much of their time to the illustrative pages. Helen, Jewell, Gerda, Bill, Dick and Leigh have given much assistance with the student biographies. Carole Brayton, Kay Barclay, and Shirley Voysey have given valuable stenographic services.

We, the Year Book staff, hope that you like the 1950 Echoes, the book of recorded O.S.A. incidents and experiences; its production has depended upon assistance from every one of the 1949-1950 students in attendance at O.S.A.

—F. JORGENSEN,
Staff Representative.

THE CHINOOK

"THE CHINOOK" is the mouthpiece of the students attending the Olds School of Agriculture. We must congratulate Bob Green for his proved ability to organize his staff and to edit the school paper. Bob's sincere interests have centred around both the publication and the Chinook staff members who have helped to produce it.

Stevie has been a willing helper as assistant editor. Barbara and Bruce Ing have given good coverage for the school sports. Eva Mae must be socially minded to have done her job so well; Betty and Bruce Slater have overheard everything that is worth overhearing. Leola, Harvey and Scott each displayed a well developed sense of imagination on the cartoon pages. Carole's stenographic ability has been very valuable at a time of need. Rosemary and Scott have that unusual ability of extracting very personal experiences from the victims whose biographies are being written. We enjoyed your sense of humor Winnie and Ernie!

Credit goes to Kay Barclay and Shirley Voysey for their assistance with mimeographing.

Congratulations for good work!

—FRED JORGENSEN,
Staff Representative and Reporter.

THE DORMITORY

GRADUATES

HLH

Second Year Graduates

DIETRICH AMMETER—Sylvan Lake.

Dietrich was born in Caucasus, Russia. He came to Canada with his family in 1938.

"Deet" is an ardent fisherman and can often be heard telling fish stories to other "fishy" second years.

Dietrich is an excellent student, proved by his taking the Robert Gardener Memorial Scholarship in his first year studies.

He farms with his father and has high hopes of getting rich.

Dietrich sometimes contemplates taking a girl to the show, but always ends up with a group of stags.

MARGARET ATKINSON—Didsbury.

First saw daylight at Didsbury, July 30, 1932. Has never stayed in bed after 7.00 o'clock since she entered O.S.A. Pet peeve—Hancock coming up to see "Little Edwards". Ambition: to finish high school and settle down on a ranch where "they" can raise Hereford chickens. Has so much determination that she can sit in on a party and not eat a thing. Favorite saying—"Go home and let me get some work done." Can frequently be found up at Shrumm's working Math. problems.

IVY-NOREEN BLAIR—Picture Butte.

Ivy came to this world in early morning of February 20, 1931. Obtained all her schooling at Picture Butte. Ivy finished her first year at O.S.A. winning the General Proficiency Scholarship. Is now the most conscientious student in the dorm. Favorite activities are bowling, badminton, long solitary walks, reading, and dancing. Her favorite saying is "What'll I dooo?" Pet aversions are poultry and boys? Main ambition is to be an air stewardess but temporarily she has an opportunity to teach Home Economics.

J. M. BODMAN—Edmonton.

Wing Commander J. M. Bodman, as he was known until a few short years ago, rose through the commissions of the R.A.F. and retired from the Air Force career as commanding officer of the British Air Mission in occupied Rumania. His wife and infant daughter live in Olds with him while he attends the school. Having completed one career, while yet in his thirties, he intends to establish himself on a small mixed farm in Alberta.

LEOLA BUEHLER—Olds.

Leola Ruth was born November 9, 1931. She obtained most of her schooling in Olds and decided to further her education in homemaking by attending O.S.A. Is our favorite soloist on the second year Lits. Spare time is spent "doodling" for art plates in the year book. Along with many others, Leola has not definitely decided on a future. By the letters she writes, it appears she'll be going south with the birds but will fail to return.

GEORGE COMSTOCK—Rosebud.

George is an active member of the Drumheller Grain Club and a member of the Rosebud Calf Club. His favorite pastimes are playing ping-pong and escorting a blonde second year. George is always down for breakfast. Could it be that there is free seating? He can often be found under a bed in recluse from Mr. Jorgenson. Upon leaving O.S.A., George is looking forward to applying the knowledge gained at O.S.A.

PHYLLIS EDWARDS—Drumheller.

Opened her big brown eyes in Drumheller, April 21, 1931. Attended high school for two years before coming to O.S.A. Has acquired the name of "Little Edwards". Is very seldom at home in Room 43, even after lights out! Is the livewire on third floor and our pianist in the orchestra. Cuts her hair in bangs every year.

Ambition: To let her hair grow.

Saying: "Hancock!!"

Aversion: Getting up for breakfast.

MARILYN GALL—Elnora.

Hailed from that "friendly town" and is a friend to everyone. Her education was obtained in her home town, but like most of us decided she was due for a change. Writing the social for the year book and keeping the second year class in a happy mood is her pet pastime. Third floor girls know her for the loud outbursts, and that, oh! so hurried way of making it in time for breakfast.

Pet Saying: "You can start now—I'm here."

MERLE GODLONTON—Whiskey Gap.

Made her first howl in Cardston, 1929, and has been howling continually since. Obtained part of her high schooling in Del Bonita but like several others, decided she needed a change, so changed to O.S.A. Takes an active part in social, literary and sports activities. Teaches a P.T. class when she isn't "snicky-pickin'" around the corner. Merle hasn't decided on a future as yet (so she tries to tell us), but she doesn't have three men's pictures on her dresser for no reason at all.

ANDREW GROENEVELD—Blackie.

"Andy" was born on November 10, 1928, at Pernis, Holland. He came with his family to Blackie, in the spring of 1930. His favorite sports are: hockey, and curling, hence one of our leading defense men on the O.S.A. team. Andy doesn't like the idea of having his W-9 stall in a 200 acre summerfallow. Therefore, he takes a special interest in Motor Mechanics.

Andy's future plan is to take over his father's farm and operate it the O.S.A. method.

LOIS HANCOCK—Lacombe.

Came with the Autumn leaves, October 15, 1931, to the little town of Redgedale, Saskatchewan. Moved with her Dad to "Sunny Alberta" when twelve years old. Went to school at Spring Valley, Turville, and Lacombe High.

Ambition: Marry that dream man some day.

Favorite Pastime: Looking for Edwards and reading Romance Magazines.

Favorite Saying: "She's the girl what would do it, too."

Pet Peeves: Sunday afternoon with no place to go.

DOUGLAS HILTON—Strathmore.

Douglas is the younger half of the twins; the other half is Ronald. Douglas likes badminton, hockey, baseball, and swimming. His favorite saying: "That's my name, and don't wear it out."

Pastime is writing letters to a certain girl friend at home.

Pet Aversions are English and Chemistry.

Douglas was born on June 14, 1930, and he has lived on the farm all his life. He has completed his grade ten at Kathryn and intends to be a big grain farmer some day.

RONALD HILTON—Strathmore.

Ronald, with lots of ambition, is hoping to own a big farm and also get married. He likes swimming, baseball, badminton and hockey. His main ambition is trying to beat his twin brother in badminton. His pet aversion is writing letters. His pastime is fighting with Bill or Curly and also looking over the girls and wondering which one to take out next. Ronald came to life June 14, 1930, and has lived around Strathmore all his life.

ROSEMARY HILTON—Strathmore.

Breathed her first at Nightingale in the summer of June 28, 1929. Acquired most of her education at Berta Vale and Strathmore. Main activities are bowling, skating, hockey games, horse-back riding, and dancing. Active member on the Chinook Staff. Pastime is spent doing practical work, writing letters, and disappearing Sunday afternoons. Ambition is to work in a dress shop and spend week-ends at home on the farm. Favorite expression: "I don't think so!"

ROY HODGES—Sylvan Lake.

Roy took his elementary schooling at Marianne before coming to O.S.A. His ability as a doctor of "Model A" Ford ailments is well known. He is frequently consulted by another second year student.

Roy plays on a house league basketball team and throws a fair bowling ball. He seems to have no hobbies in particular. He hasn't decided where to settle down yet but will likely start farming in the not too distant future. Roy's interests seem to be centered around Olds—hmm!

DAVID HOEVE—Lacombe.

Dave was born April 19, 1930. He helps his dad run a dairy farm. Dave likes singing, and is a member of the Glee Club and barber shop quartet at the O.S.A. He is also good at playing the mouth organ. Takes an interest in most sports. Favorites are swimming, skiing, and softball. He gets along well with all the girls but has his eye on a certain waitress.

JACK HOOPER—Calgary.

Jack came roaring into Olds on November 21, 1929, and hasn't stopped roaring since. He received all his education in Olds and is still here taking agriculture. In hockey, Jack usually gets his rests in the penalty box. Being business manager of the year book keeps him very busy, but in his spare time he may be found monopolizing the mat room. After graduation, Jack plans to move to Calgary with his folks.

Ambition—To be housekeeper in the girls' dorm.

ROY HUSBAND—Innisfail.

Roy is the first rate radio announcer who takes charge of the mike at O.S.A. hockey games. He also broadcasts fake horse races and football games for literary entertainment. He is an ardent baseball fan and player and takes an active part in house league hockey. Roy has an unlimited series of humorous episodes to relate to his friends. Favorite pranks are hurling water bombs and holding his thumb over the fountain. We all enjoy the playful feud between Roy and his friend, Walter.

GERT JORGENSEN—Olds.

Gert, known as "Curly" around O.S.A., was born in the drier parts of our province, but finally moved to a good country where he farms and specializes in raising herefords and grain. He is never seen in the North Dorm; he goes down town for his feminine company. He enjoys going to country dances rather than to the O.S.A. dances. Plans to settle on a farm and raise purebred herefords.

AGNES KOMARNISKY—Holden.

This fair-haired vivacious lass adds much hilarity and gaiety to all gatherings. "Aggie" is an active member of sports and social functions of all types. Our Students' Council secretary-treasurer is kept busy accounting for all transactions. She sings in our famous trio, also with Scott, at our Lits. Her ambition is to become a dress designer. Saying: "That's a bad sign, Marshall". Pastime: Dancing with Bill. Aversions: Writing letters and Scott.

ANDREW KOSTER—Blackie.

Andy completed grade nine before coming to O.S.A. His favorite expression, "Watch it, eh!" He is a husky player on the O.S.A. hockey team. Devotes his spare time to hunting, fishing, and girls. Andy was a member of Gladys Ridge Beef Club for five years. At O.S.A., he is heard telling the boys, "Everybody sits on my bed." He is a good natured fellow, liked by everyone. Future ambition is to become a successful farmer.

JEWELL MARSHALL—Lethbridge.

First saw daylight at 5:50 p.m., August 23, 1930, in Lethbridge. Started school at Fleetwood and went on to the Collegiate. Is on the Year Book Staff and on the senior basketball team. After graduation she plans to set up housekeeping on a farm but can't decide where. Favorite pastime is roaming around second floor, especially after breakfast. Often found with a shy second year. Pet aversion is mice at 2:30 a.m. Favorite saying: "If you're chicken, I'll follow".

DAIROKU MATSUGI—Raymond.

A Japanese lad who arrived in Raymond on February 5, 1930. He takes considerable interest in Field Husbandry as he wants to be a successful grain farmer. He hates to get up for breakfast on Sunday morning. His favorite sports are ping-pong and badminton. Upon graduating he is going to take over his father's farm.

As our Features Representative on the Year Book, Dairoku has found his favorite hobby of photography most useful.

Pet Saying: "Cripes".

WILLIAM MILLER—Calgary.

Bill was first found teasing nurses on Feb. 6, 1930. He attended Casa Loma School at Simon's Valley, then took his high school at Central High School and Mount Royal College. Bill likes to be the last one into a class and the first one out. His other interests are playing basketball and fighting with his roommate after 10:30. Favorite saying is, "Let's not spar, let's slug!" He seems to have a certain interest in Ponoka. Maybe it's the red hair, eh Bill?

THOMAS MOORE—Seven Persons.

Tom was born (???) on April 20, 1930, in the southern city of Medicine Hat. After graduation from O.S.A., Tom plans on Agriculture at Varsity. Known around the campus as a wholesale practical joker. Tom has a great time with the instructors, especially Mr. Carter and Mr. Jorgenson. You can always hear Tom in the morning by his, "Are ya comin', Axel?" Best of luck in everything, Tom!

RICHARD McCOLLISTER—

Known to everyone as Dick. He attended Brym Mawr and Kathryn schools before coming to O.S.A. Dick is secretary of the Rifle Club and plays an active part in house league hockey and basketball. He is rather quiet but still manages to express his opinion when called upon to do so. To be a R.C.M.P. is Dick's ambition, and we all know he will make a good one. Dick basks in the glory of being sought by the girls.

KEITH McKINNON—Carseland.

Keith, alias "the Carseland Kid", enjoys telling tales from the home district. He was born, so he tells us (?) October 29, 1930. Keith is a very active member of the O.S.A. hockey team. However, he has one weakness and that is taking out the same girl three times in a row. Keith seems to have only one great love, and that is his father's farm which he hopes to take over and operate successfully. Keith also takes a great interest in purebred shorthorn cattle.

BARRY McMULLEN—Elkton.

Barry was born April 10, 1930, at Oyen, where he lived for eight years, before moving near Didsbury. Takes an active part in house league hockey and basketball. Is captain of the "A" house league. His ambition is to take up politics and become a millionaire. He reveals his speaking ability at the bull sessions that are frequently held on third floor. Baseball and hockey are his centres of interest. Lumbering and ranching in the foothills are awaiting his return from O.S.A.

NEIL McKNIGHT—Calgary.

Neil gave his first big grin at Calgary's General Hospital on October 5, 1930. He attended Public and High Schools at Springbank before coming to O.S.A. to polish up on his technique and manners. Our president is very active around the campus. He is captain and star defense man on the hockey team. Is also outstanding player in basketball.

Before settling down to his main ambition of farming he is going to travel around the world. Favorite saying is, "Sho!"

MARION MURRAY—Warner.

The population of Warner increased by one with the arrival of Marion on May 18, 1930. This little Irish lass obtained all her schooling at Warner, then she decided to come to O.S.A. Pet saying at 3 o'clock in the morning is: "You're not sleepy are you, Helen?" Pet aversion is Mathematics. Pastime these cold winter months is making friends with the radiator. In the future, Marion hopes to become a First-Aider. Good luck, Marion.

ERIK NIELSEN—Olds.

A Danish lad who met his first nurse, December 31, 1930, in Vegreville. He moved to Olds where he got his grade 9 education before coming to O.S.A. Erik is a good-natured fellow, liked by all the students. He is often seen driving around the campus in his truck. Pet saying: "Where's the Swede?" Hobby: Reading books and playing tricks on other fellows in the dorm. Ambition is to become a grain farmer in the Olds district.

SCOTT PRIMROSE—Scollard.

Scott is our Crosby at O.S.A. and is as popular as Crosby with the girls. He likes dancing and listening to "The Johnson Rag", especially in the dark. Scott's successful study in poultry brought him a scholarship donated by The Alberta Turkey Producers Association. He doesn't mind getting sick once in a while, and often says he would like to own a new car. No wonder! Scott is a studious lad and is artist of the Year Book. We hope your future is bright, Scott!

CECIL RASMUSSEN—Chancellor.

Cecil comes from a grain farm at Chancellor where he plans to operate after graduating from O.S.A. After lights out, Cecil may be heard saying, "Yes, Mr. Jorgenson, I was just going to clean my teeth". (11 o'clock) "Wrestling Rastus" takes on lads a foot taller than himself and gives them their money's worth at that. He likes welding and woodwork. Favorite pastime is eating before going to bed.

MARGARET REYNOLDS—Calgary.

Is a regular farm girl who is fond of all phases of farming, especially the animals. A quiet girl with a shy but bright smile. Marg. is often shocked at her room-mate. Favorite expression: "Greta!" Her hope is to get a job minding someone's baby for summer. Ambition: to raise a farm family of her own. The girl who won The Women's Institute Award last year. More power to you, Margaret!

AILEEN RICHARDS—Olds.

Made her first debut March 12, 1932. Attended the Olds High School for a number of years. Following that she decided to get a little experience in home making, so came to O.S.A. She's one of the star players on the basketball team. Is also on our Students' Council. Insists on rising early to be on hand for waitressing so spends much time after lights out, looking for an alarm clock. Aileen hasn't made decisions for the future.

ALLAN ROETH—Didsbury.

After finishing public school, Al went to the Didsbury High School for two years. He is supposedly a quiet lad! Gets great enjoyment from watching the girls play basketball from Room 21. Another favorite occupation of Al's is visiting Calgary on week-ends to see a certain young lady. He has no special likes or dislikes, but he hopes to settle down on a farm, after graduation. We wish him success.

JAMES ROSE—Ricinus.

Jim was born very young on November 23, 1929. Jim is not as quiet as one may think. His interests centre largely around his "Heap", but he also receives a quantity of fan mail. Eddy Arnold is his favorite singer, and wood carving his favorite hobby. Jim likes farming a great deal and hopes some day to have a farm of his own. Keeps "Boys" entertained and "Hmmm mmmm" his favorite saying.

DAVID ROYER—Gem.

Dave was born in Bassano on the 29th day of April, 1931. Quite a studious lad and was a scholarship winner during a summer short course at O.S.A. Girls seem to find him pretty hard to land. Takes an active part in hockey and most sports around the campus. He enjoys big game hunting and fishing. At the present time, Dave is in the Reserve Army. Pastime: tormenting a certain blonde guy called Walt. Good luck, Dave, in your future activities!

JACK SANDEMAN—Cowley.

Jack was educated at Pincher Creek School, Calgary Tech, and good old O.S.A. Jack and his brother, are successful ranchers in the Pincher Creek area. His favorite sports are cow-punching, hunting, and trapping. He won a scholarship for first place in Botany last year. He has decided that a steady girl friend was better for the second year course. Strange as it is, he still gets high marks. Favorite saying: "Good Gosh!"

LONA SAWDEN—Consul, Sask.

Lona is ever ready with a cheery smile and bright hello. The agriculture class having been filled, Lona registered for Home Economics. She states that there is no place like home, and writes there often. Much time is spent in teasing her room-mates. Her pet aversions are whispering and making her bed. Lona's ambition is to move to Montana and ranch with her uncle. At present, her sideline is trapping mice in early morning hours. Saying: "Oh, you kids are mean!"

RICHARD SCHAEFER—Innisfail.

Dick was born in Calgary in 1930 on the frosty morning of February 11th. At the age of three years he moved to a farm east of Innisfail. Dick is well liked around the school. One girl especially, attracts him, so he is kept fairly busy. The sports in which Dick takes part are hockey, swimming, and track and field. He entertains the boys on the guitar in his spare time. Dick someday intends to settle down and be a successful farmer.

WALTER SCHROEDER—Olds.

"Walt" as he is known, is one of the star performers on the hockey team. He comes from the town where he went to the Huntcliff School. Born in Red Deer July 13, 1935, he now lives 10 miles east of Olds where he farms with his folks. He specializes in sneaking out of the dining room before the bell goes. A pet saying is, "Oh, my shatter nerves". His main ambition is to become a successful farmer.

EVA MAE SECRETAN—Del Bonita.

Eva Mae put in her appearance on January 7, 1931. Full of fun, Eva's whole five feet, contributes to the majority of her many associates. After completing her course in grade 11, she intends to take a business course in Lethbridge. Most of her time is spent with "Snuffy", either in person or conversing on the telephone. As social representative on the "Chinook" team, Eva Mae proves very efficient. Pet aversion is being called "Oh, my shatter nerves". Saying: "Oh, you kids!"

ROBERT SHEARER—Carmangay.

After graduating from O.S.A., Bob began to own a model farm. He is interested in all sports, especially basketball, baseball, and curling. Bob's relaxation is weekend in Calgary. Could a certain Doris have anything to do with his pastime involves oversleeping in the morning, missing school, and falling to sleep when he does get to them. Favorite expression: "Why didn't those dough-heads wake us up?" Bob would be a successful tiller of the soil and we wish him the best of luck.

AUDREY SHRUMM—Coaldale.

Audrey made her arrival on October 28, 1930. She has spent her life till now on a dairy farm with her parents and six dear little sisters. Because of ill health she was unable to complete her high school so came to Olds. Was the proud winner of a scholarship last year. Now plans to complete grade 12 after graduating from O.S.A. Saying: "My, but you're dumb". Pet aversion: Lights on before 7.00 a.m.

LYLE SHULTZ—Didsbury.

Lyle first grinned July 19, 1929. He completed Grade IX at Neapolis. He gets high marks at O.S.A. in spite of his constant effort to dodge Mr. Jorgenson during study period. He is on the O.S.A. hockey team and also takes an interest in baseball and swimming. His worst habit is rising two minutes before breakfast. Lyle is interested in a certain employee of the Olds Creamery. We wish you luck in your farming career, Lyle!

BRUCE SLATER—Pincher Creek.

On the 24th day of September, 1930, there came to the southern town of Pincher Creek, a basketball player. He is better known to us all as Bruce. Bruce is one of the star players on the O.S.A. basketball team. Bruce is fairly quiet but likes his fun and is officially named the bouncer in Room 27. Writes letters, but we haven't quite figured out their destination. He's often found down at the nurse's office with a new pain. We wish you the best of luck, Bruce!

CECIL SMITH—Calgary.

"Cec" attended school at Springbank prior to attending Crescent Heights High in Calgary. His interests are hockey, working up into a fighting mood, and especially dating a cute little girl from Wayne. "What say, Cec?" Cecil has a favorite saying that only he believes, "Look out, I'm muscle bound!" Cec plans to become a big dairy farmer after leaving O.S.A., and his other plans, well???

ERNEST SMYTH—Trochu.

Ernie is our star goalie on the O.S.A. hockey team. Some other favorite sports are baseball, swimming and bowling. Ernie is noted for getting on the ball in the morning, sweeping out Room 27, and getting down to breakfast. There must be some attractions over on the north side of the Dorm. Could it be Mert? Ernie intends to settle down to a nice quiet life on the farm.

WILLIAM STAUFFER—Bashaw.

"Willie" hails from the little town of Bashaw. Besides playing house league hockey, he finds time to participate in other sports such as bowling, badminton and ping-pong. He tells us he can throw a mean curve out on the diamond too. Future plans are to help his father on their farm and perhaps take it over some day. We think he will make a success of it. It seems he has a little helper already in mind. She wouldn't be from Red Deer would she, Willie?

REUBEN STEELE—Shepard.

Got his public and part of his high school before coming to O.S.A. Reuben is a quiet lad who likes playing house league hockey. Also likes working in the Carpentry and Blacksmith Shop. His favorite pastime is taking a certain young lady to the show in his old jalopy. He likes to argue about the abilities and faults of farm tractors, trucks and cars. Reuben hopes to become a successful grain farmer in the Calgary district.

LARRY STEWART—Strachan.

Since 1930, Larry has seen a great deal of country and has done a variety of work. He is the studious type and doesn't seem to get in to much trouble. When not over at the "North Wing", Larry may be found keeping the third floor lively with some prank or joke. His ambition at present is to keep on the good side of the staff by showing them cartoons and telling them stories of wild life. Good luck, Larry!

RAYMOND SWENSON—Bindloss, Alberta.

Axel was born at Empress on October 5th, 1930. He attended public school and two years of high school at Medicine Hat before coming to Olds. He intends to farm after he graduates from Olds. Axel likes most outdoor sports such as basketball and hockey. He also likes wolfing, but at present he seems to be content with a first year red head. His favorite saying is, "I'm so tired!" His main ambition, outside of farming, is to marry a rich widow and retire.

HELEN THOMAS—Indus.

First heard of in Indus, July 31, 1930. Attended high school to grade 10, and finished grade 11 by correspondence. Then came to O.S.A. to further her studies in Home Economics. Was active member in the Women's Institute Girls' Club, and has been the delegate from Langdon Convention at Olds for the last two years. Her ambition is to become a music teacher or dressmaker. Pastime: creating hats both practical and "eye-catching". Pet dislike: coffee and marks in Math. Favorite saying: "Adios, little Willie, adios".

BARBARA WESTON—McMurdo, B.C.

First skied her way into McMurdo, September 17, 1928. Decided to venture into Alberta and went to St. Mary's Girls' School. Later she went to Olds for experience in home making. Plays on the basketball team and is a soprano in the Glee Club. Most often seen away from Room 12. Saying: "Oh, drop dead!" Ambition is to own a large ranch. Outcome: 5 acre plot. Aversion: people.

Much time is spent writing letters and planning which weekend will be free for which boy friend.

LARS WIDHOLM—Scandia.

"The harder to ride the better", was the pet saying of this cowboy at rodeos. He made his appearance at Stockholm, Sweden, on July 23, 1928. At a few months of age, he came to Canada with his parents to the town of Rosemary, later moving to Scandia. He takes an active part in bowling and curling. He is usually in someone else's room during study period. After leaving O.S.A. he plans to go back to Scandia to farm and ranch.

KEES WINTER—Penhold.

"Casey" received precious education at Penhold before coming to O.S.A. During study periods, he is frequently seen scrounging through closets and under beds in hopes that he can find his musical instruments; when the fire alarm goes, he serenades the escapes with dazzling tunes from his violin. No one sleeps late on third floor when Casey is around for he is the official alarm clock. His plans are to farm with his father and brother.

GRETE WUTH—Rat Lake.

Grete arrived during the coldest part of January, 1925. Grew to like agriculture and was recommended to take agriculture at O.S.A. Though belonging to the fairer sex, Grete still managed to win a scholarship during her first year here. Well liked throughout the dorm., though her shouts for quietness on second floor can be heard from all corners. Grete doesn't trust anyone to make her bed. All favorite expressions are censored. Says she has no ambitions but I'll bet she'll make a good farmer!

REMEMBER WHEN—

- Stevie came to Science Class eating a peanut butter sandwich.
- Fay called Mr. Carter, "Wolf Carter".
- Eva Mae and Dorlene scrubbed and waxed the corridor.
- The bus from Banff got stalled.
- Mr. McPhail kissed Miss McIntyre good-night.
- Miss Caverhill was swung off her feet in the square dance.
- "Squirrel" attended the girls' pyjama party.
- Mr. Jorgenson decided he would have to draw pictures to clarify the details of a biography.
- Mr. Malyon rescued Gus from the manhole.
- In Mr. Sutherland's class the jokes didn't come often but the best jokes heard at O.S.A. were in the class—must be the scientific approach.

JAY ATWOOD—Raymond.

Jay arrived July 26th, 1930, probably during one of those frequent dust storms. He received most of his education in Raymond, and Welling.

He is very attentive during most of the floor brawls, and is usually seen "horsing around" with Dodd.

His activities consist of swimming, bowling, curling (and wolfing on the side). He says he has no more interest in women. Sometimes we wonder!

His future plans are to go dry farming on his own.

NORAH E. BOULTON—Lacombe.

"Betty" has the enviable record of seven years teaching experience before coming to O.S.A. Our editor is planning a somewhat different campaign when she leaves college—that is, one of wedding arrangements with that lucky guy from Eckville. Betty leaves no doubt as to which is her table in the dining room because her hearty laughter gives her away. We wish Betty the best of luck and great happiness in her married life, which, by the way, she plans to start in a matter of days after leaving O.S.A.

R. HUGH BRADLEY (Hughy)—Lacombe.

Bradley came with the rain, on June 3, 1931. He has been studying his books ever since then. After leaving public school he spent a year at Lacombe High School and two years at the Red Deer Composite High School. After completion of the course at O.S.A., he plans to attend University.

An ambitious boy, with a saying, "I've got no use for women". His favorite pastimes are playing hockey and "horsing around".

CAROLE L. BRAYTON—Calgary.

Carole is a graduate of Garbutt's Business College so is well qualified for the position she holds as the Chinook's "Steno". She endears herself to all with her sweet smile and soft voice. On completing her course here she thinks she'll go back to office work, in Innisfail, perhaps?? Her favorite pastime: breakfast in bed by courtesy of friends and room-mates. Her pet aversion is handling chickens, while her favorite saying is, "It's a panic!"

JOAN LOUISA BUEHLER—Vulcan.

Joan got her first glimpse of the world at Vulcan in 1932. She received her high school education and won an academic award for grade eleven. Joan's hobbies are jiving and figure skating. Her favorite pastimes are writing letters and dreaming of her next week-end spent in Calgary. After graduating, Joan plans to work for awhile and then???

LOIS CHARLTON—Bowden.

This tall, dark lassie was first heard in Innisfail, June 16, 1932. She has lived at Bowden on a farm all her life. She decided to come to O.S.A. after receiving her grade twelve education at Bowden. Her ambition is to go to normal and become a school teacher. Collecting miniature figures of animals, playing the piano for Glee Club and Two-In-One Lits, giggling, and "Sandy" are her favorite pastimes.

MURRAY DODD—Olds.

No doubt Murray's arrival on April 14th, 1931, has supplied excitement right along as it has done since coming to the dorm. Whenever a commotion occurs, Dodd either causes or soon arrives to further enliven the party. He has been outstanding in sports throughout his entire schooling in the Olds district, and is now a very efficient goalie for the Olds Elks. Instead of Murray's past week-end trips to Red Deer, he now stays here and spends more time writing letters, and escorting a certain blonde second year.

MARY MAGDALENE IRENE DUNAY—Tilley.

First seen complaining in the Tilley district August 15, 1930, was our brown-eyed animated Mary. She received her education in Tilley, ventured to Brooks for a year, and finally graduated from the Slovak Girls' Academy in Danville, Pennsylvania. Her trip to New York City was very tempting, but didn't stop her from entering O.S.A. Besides enjoying curling and dancing, she also seems to have a marked liking for doing her hair up after "lights out". As for her future plans—your guess is as good as ours!!

JACK H. ELLIOTT—Nanton.

Jack is the boy who didn't study for his Christmas exams with the excuse that he felt sick. However, when the results came back, we found he obtained the highest average among the two-in-one boys. Jack's favorite sports are camping, swimming, and motorcycling. He spends most of his spare time at the school, playing ping-pong. When he completes this course he plans to take over his dad's farm. His ambition is to make a fortune and retire at an early age.

CHARLES FAWCETT—Consort.

Charles first appeared in this world in October of 1930. He was born in Consort and received all of his schooling there. He enjoys life in the dorm and can usually be found strumming his guitar in his spare time. His other hobbies are making radios and trying to make old cars run. Charles plans to go farming after graduation and perhaps to attend University at a later date. His favorite sports are baseball and hunting. His favorite saying is "Oh, is it lights out already?"

LORNE FECKLEY—Rosebud.

The stork dropped "Butch" at Calgary on January 11, 1931. A graduate of Severn Creek High School, he came to O.S.A. to learn better methods of farming. Hopes to go to Tech after graduation. Likes hockey, cards, and water fights. He bothers the north wing only when he is in the infirmary and that's quite often. Lorne enjoys waking the boys with his provoking "Good morning, good morning, it's nice to see you smile."

ROBERT GREEN—Calgary.

The diplomat of the two-in-one's, Bob, was born in Calgary on January 29, 1930, and there attended Sunalta Junior High and Western Canada High Schools. His ambition of being a live-stock buyer is to be fulfilled with his training at Olds. His activities include being Editor of the Chinook, playing house league hockey, and President of the Bowling Club. His hobby is studying the finer points of women which takes him to the girls' dorm. for practical training.

JEAN GROENEVELD—Blackie.

The corridors of O.S.A. would not be complete without Jean's gay laughter and chatter. She was born in Blackie to the happy Groeneveld family in the year 1930. Known as "Johnnie" to her many friends, she spends most of her spare time in the D's with a certain party from the south dorm. Jean's main ambition is to get in before those lights go out, while her favorite saying is "Betty, get up!" Jean is looking forward to going to Varsity.

ALLEN GUSTAFSON—Three Hills.

"Gus" hails from Three Hills. He is one of the most mischievous students at the college. Whenever there are any pranks played, Gus is right in the midst of them. We must not forget about Mr. Jorgenson catching him hiding in a closet after lights out. He spends his spare time playing cribbage, showering, and having water fights. Gus likes to sleep late every morning and get his room-mate to bring his breakfast. After leaving O.S.A., Gus plans to farm.

HARVEY HAAS—Bindloss.

Born May 19, 1930, in the Empress Hospital. Took his high school in Empress. Favorite sports: baseball, hockey and hunting. Harvey (better known as Hoppy) has a special technique of sleeping during study period and keeping everyone else awake the rest of the night. He seems to have a special liking for brunettes and is often seen with one. Favorite expression, "Guess I'll have to clean this place out one of these days." Ambition: to be a bachelor. (Wanna bet, Haas?).

ROWE HARVEY—Strathmore.

Rowe was born on November 26, 1931, where he has lived on a farm all his life. He is a tall, black-haired, good-natured fellow except on Saturday morning when this is not always the case. Rowe's hobbies are working with wood and plastics. His favorite sports are swimming and hunting; he is also an enthusiastic hockey fan. His favorite pastime is catching up on lost sleep during study period.

COLLINS B. HAWKINS—Clive.

"Squirrel" saw his first nurse at Vegreville on June 23, 1931, and we think he has been seeing things ever since. He moved to a farm near Clive in 1944 and plans to return there when he completes his education here. He likes to get up in the morning and get his room-mate some breakfast! His favorite sports are getting showered and playing checkers. Pet aversion: buying small radios.

NEIL G. HORLACHER—Lethbridge.

This little fellow with the ever-shining smile was born in Claresholm, December 29, 1928. He lived there for six years then moved to Lethbridge. After finishing his Grade 12, Neil worked four years in an electrical shop and then came to O.S.A. Music is his chief interest and he is always heard in the dorm. accompanying the radio on his trumpet. Some other hobbies include photography, travelling, and girls (brunettes particularly). 1950 will see this fellow farming near Stavely.

VERNON JOHNSTON—Helmsdale.

Vernon was born at Helmsdale, Alberta, May 11th, 1931. He has lived all his life on the farm and has come to O.S.A. to further his knowledge of farming. "Strictly agriculture for me", he says, but most of the students disagree with this point. He seems to have a weakness towards the fairer sex and bargains on Model "T" Fords.

GORDON D. KARG—Calgary.

Gordon comes from the foothill city of Calgary where he was born on March 6, 1931. He lived in the city until he was four years old. Then he moved to a forty-acre farm on the outskirts where he has lived ever since. His hobbies are riding, hiking, swimming and baseball. Some day, if things turn out the way he hopes, he would like to settle down with a beautiful brunette on a thousand-acre ranch.

RONALD KENNEY—Rediand.

"Rusty" made his arrival into this world one bright April morning in 1930. He is a proud graduate of the Severn Creek High School at Rosebud. For further education he has come to O.S.A. to learn the farming "racket". He gets great pleasure in calling square dances and running the movie projector. Occasionally he puts the reels in upside down for variety, and makes the projector squeal and groan. When he graduates he plans to go to Tech., and then settle down to farming.

JAMES A. KINDT—Nanton.

Jim was born in Claresholm, December 30, 1931. He is one of our conscientious students who attends to his studies but also likes a bit of fun. His favorite sports are motorcycling, hunting and skiing. He spends the rest of his spare time enjoying life and taking things easy. When he finishes this course he hopes to work on his father's farm. His ambition is to become a wheat farmer; working in the summer and sleeping in the winter.

WALTER ROY KINSEY—Medicine Hat.

Roy Kinsey was brought into the world on the 20th day of January, 1930, in the little town of Taber. At the age of 16, Roy decided to move to the big city of Medicine Hat. After spending two years in high school, Roy entered O.S.A. Roy spends most of his time making life interesting for the boys on the second floor. After graduation, he has plans of settling on a farm.

HELEN BARBARA KWACZEK—Rosedale.

Helen was dropped off by the stork on September 28, 1930, in Rosedale, Alberta. It wasn't long before her exceptional musical talent was discovered, and she has provided enjoyment for many audiences since then. She adds much to any activities by her hard work and original ideas. This sparkling young lass is also a great sports enthusiast, particularly where one dark curly headed pitcher is concerned. Her future ambitions are rather vague, and she is, at present, waiting for opportunity to knock.

ALLAN MacARTHUR—Hackett.

On August 17, 1930, at Stettler, Mac created his first major uproar. Since then it has become quite a habit. After public school he devoted three years to livening the Stettler High School. After a year of muscle building at home, he decided to devote this year to studies at O.S.A. Aside from a few "affairs", Mac also found time to pull down a high class average. When water fights occur, Mac is always there. He seems to enjoy being on the sick list. We wonder why?

KEN MACLEAN—Calgary.

Our "Little Stud" was born in Medicine Hat on January 11, 1930. He attended Sunalta Junior High and Central High Schools in Calgary, and then proceeded to O.S.A. to better himself in the art of farming. He is our "star" basketball player and coach of the senior boys' and girls' teams. He is also the Year Book Sports Editor and a member of the Students' Council. Ken, with his smart hair cuts and unique style of "dancing", is bound to go places.

STEPHANIE MEDYK—Rosedale.

Stevie, as she is known to all her fellow students, is a keen little Miss with a bright disposition and charming personality. Her scholastic abilities, which she cultivated at Rosedale, afforded her the honor of receiving a scholarship for high standing in grade twelve departmentals. Stevie is an ardent baseball fan—her enthusiasm being aroused by one particular short-stop. A pet hate of hers is hearing the rising bell in the morning. Stevie hopes to enter into some type of research work after graduation from O.S.A.

LLOYD OLSEN—Medicine Hat.

Lloyd "Holy Ollie" Olsen, was born January 20, 1930, in the fair city of Medicine Hat. Lloyd is the boy with the ulcers, and he won't tell us how he got them. Mary is his only inspiration at O.S.A. besides getting a diploma. It seems Lloyd's favorite game is playing hide-and-seek with Mr. Jorgenson after lights out. Ollie's ambition is to be a farmer some day, but after leaving O.S.A., he is very undecided as to what activity to take up.

JESSICA POLICHUK—Ardley.

Jessie was born on December 30, 1928, at Ardley, Alberta. She acquired her education at Great Bends School where, for six years, she was constantly active in club work. She came here after winning a scholarship at the O.S.A. Club Week. Jessie is quite active in sports and some of her many hobbies are basketball, sewing, cooking, dancing, and fancy work. Her favorite expressions are "Drop dead" and "Go mind your pups". Jessie's future plans are indicated by the glimmer on her left hand.

WILLIAM E. POOLE—Burdett.

"Puddles" first saw light in Medicine Hat one happy Christmas Day in 1927. After attending school at Burdett, Bow Island, and Lethbridge, he worked in the Bank of Commerce for a year. Following a four month tour through the States, Bill settled down for a year on the farm. Bill is well liked by all in the school, and has become one of the fathers of the second floor. His favorite pastimes are table tennis, badminton, bowling, singing, dancing, and of course, a blonde second year.

REINHOLD SCHROEDER—Esther.

Born at Burstall, Saskatchewan. May 21, 1931, and later moved to Esther, Alberta. He led a roaring life in the little town until coming to O.S.A. The quiet life he leads here is interrupted only by the odd showering or friendly fight, but never by girls or breakfast.

Reiny's favorite pastime is baseball.

His prospective future consists of a cattle farm with possible consideration for other lines of business.

WILLIAM FRANCIS SNODGRASS—Okotoks.

The metropolis of Okotoks seems to lay claim to "Snuffy". He completed his high school there. He was also a member of the Okotoks Band. Bill is an ardent hockey player, being one of the foremost champions of the 1948 Okotoks Oilers Hockey Club.

Bill intends to return to his farm, but perhaps he will not return alone if Eva Mae can help it.

ERMA FAY SPACKMAN—Stirling.

Fay was born in Lethbridge in 1930, but after nine days of city life she moved to a small town called Stirling. She has lived in Raymond and Payson, Utah, but returned to Stirling to finish her high school. After graduating from O.S.A. she plans to go on to Guelph, Ont. Her hobbies seem to consist of writing letters home and getting her room-mate down to breakfast on time. As Fay is a favorite around the dorm, we want to wish her the best of luck in the future.

BETTY STADNICK—Macleod.

On June 25th, 1930, the Stadnick household was brightened by the arrival of a bundle of sunshine which they named Betty June. Betty has lived at Purple Springs, Milo, and Wrentham, but now makes her home at Macleod. She can usually be found collecting gossip for The Chinook. "Nicky", as she is sometimes known, has a great admiration for the south dorm, and has occasion to visit there. Her pet aversions: studying and getting up; favorite expression: "I wonder what he's like."

ANNIE STAROSTA—Dalroy.

Annie has lived on a farm out of Dalroy all her life. She is one of our favorite student waitresses because she always seems to manage that "refill". She completed her grade twelve before coming here to round off her education, and would like to get a job as a nurse's aid when she leaves O.S.A. Her favorite saying is "Drop dead!" and her favorite pastime is amusing the boys in the infirmary.

LEONARD SUNDQUIST—Stavely.

Leonard was born at Stavely on November 17, 1929, where he has made his home since. He completed his first year of twelve in Stavely and after spending a year at home he decided to come to O.S.A.

Although Leonard always wears a smile he too has his trials, especially with a certain blonde. His interests are hockey and baseball. After graduating from O.S.A. he plans on returning to the farm.

JAMES TAYLOR—Pincher Creek.

Jim is one of the several lads from Pincher seeking education at the O.S.A. He is a whiz at basketball, hockey and bowling. He is Gus's best friend whenever he gets him something to eat in the morning. Sure thinks his mother is a good cook and wishes she would send more parcels. After graduating from O.S.A. he plans to enter the farming business at Pincher. Pet aversion: being awakened after lights out by his room-mate. Pet saying: "Hooky Doodle".

BLANCHE ANITA VIK—Huxley.

After attending the Trochu High School and Calgary Business College, Blanche travelled north to take the two-in-one course here. Although she is quiet, her giggle may be heard throughout the dorm, and her friendly greeting includes one and all. Blanche is good at track work and enjoys all kinds of sports. She has a tendency to find other girls' beds softer than her own and to spend a lot of time in them. After graduating here Blanche plans to go to Normal.

LAWRENCE WAGNER—Clive.

"Wag" came to the O.S.A. after spending three years at Clive High School where he gave the Principal all but a nervous breakdown. Lawrence told his mother he came to O.S.A. to learn farming, which is true, but he also looks forward to Friday night.

Lawrence joins in most of the showering parties, but enjoys a raid better than most of the other activities. Of late, he has taken up a new hobby, that is the playing of cribbage with Gus.

LOIS DOREEN WALKER—Innisfail.

Doreen was born in Alsask, Sask., Feb. 10, 1930. She attended the Composite High in Red Deer and won a scholarship which promoted her to come to O.S.A. Doreen was chosen as vice-president of the Students' Council and was also nominated as a candidate for Campus Queen. Most of her time is taken up by waitressing, and being the life of the party. She even finds time to clown in the dining room. To suppelment her education here, Doreen plans to work at Singer's.

GERALD WHITE—Shepard.

Gerry was born on December 10, 1930, at Shepard. He attended public school at Shepard and high school at St. Mary's Boys' School in Calgary. From there he came to O.S.A. to round off his farming education. He expects to use this education to become a successful farmer on a farm a few miles northwest of Olds. Gerry can usually be found in Gus's room enjoying the occasional game of cards.

MARGARET WICKSON—High River.

Marg was born and educated in Gloucestershire, England, but now hails from High River. Since arriving in Canada three years ago, she has lived on a ranch. Is one of the top scholars at O.S.A. Marg is active on the Literary Committee and is always good for a "dandy" suggestion. The life of the party in the dorm, as well as our Dorothy Dix, she rates tops with all of us.

REMEMBER WHEN—

—Keith McKinnon played sliding chairs in the dining room for student and staff entertainment.

—Arnold and Sam arrived early for breakfast—12:30 a.m. Sam was apparently under the table eating crumbs off the floor.

—The dean, accidentally on purpose, kicked Ken who was hiding under the bed in Dean's dark room.

—Dining room carts, rather than boats, were used for transportation on the first floor.

—Eight boys with nervous voices attempted to explain the presence of the kitchen toaster in Room 3.

—The business manager of the year book was politely told to dismiss early from supper so that he would have time to be properly dressed for the next evening meal.

—The year book staff decided to draw pictures to explain one of the biographies.

—Miss McKim called the pigs to supper.

—A husky voice from the depths of darkness said, "I'm not on the stairs; I'm in the mat room." (Ken Fletcher says while reading this: "Shucks! When I was here, there was no mat room; there was just the old seed shed.")

—Miss Caverhill had her toes tied together with adhesive tape.

—The Second Years decided it was too warm for Larry to wear pants.

—The year book staff parked the car until violation from the meter stared them in the face. Not once, but twice—three times—Boy, are they lucky!

—Mr. Molsberry harvested a good crop of "corn" in Field Husbandry.

1st YEAR STUDENTS

HLH

First Year Girls' Class BIOGRAPHIES

LITA ARCHIBALD—Lacombe.

"Lita, who's your shadow? It wouldn't be Rita, would it?—or is it vice versa."

RITA ARCHIBALD—Lacombe.

You say there's no attraction, Rita, but just what does that picture at the foot of the bed mean?

EDITH BURK—Duchess.

A quiet girl until the two from 31 show up. Boys, sorry, she is interested in horses, only.

MARGARET CAMMAERT—Rockyford.

Our O.S.A. red-head.
Is fond of beauty, Ray, and laughter,
Pleasure first and school after.

JEAN CHRISTIE—Three Hills.

Red hair and baby blue eyes. Full of fun. Her eleventh commandment, love, especially short, cute blondes.

ROBERTA CLARK—Calgary.

Well known for her flash camera. If you want to get into some devilment, join Bobby Lu.

MARY EDITH EDGE—Cochrane.

Boys and girls come out to play,
But Edith studies night and day.
Tall, quiet and a real friend to all.

EVELYN GRAF—Calgary.

Evelyn lives every moment as if it were a crisis, waiting for those Calgary phone calls.

DORIS HANSEN—Bluffton.

If it's fun and laughter you're looking for
Doris is the girl who will always score.

ELSIE HANSEN—Carolside.

Appetites have flourished since our bonny Elsie arrived to waitress at O.S.A.

SYLVIA HELLERVIK—Winfield.

From Room 31 and is forever saying, "The nerve of some people's kids". Favorite pastime is teasing the boys.

MARGUERITA HOPKINS—Airdrie.

Rita is a very industrious worker and co-operative student. She becomes very indignant when someone mentions her size.

LILLIAN JENSEN—Knee Hill Valley.

Spends her time being homesick and writing letters. Favorite saying: "Don't you find it hot in here?"

DORLENE JOHNS—Menaik.

O.S.A. queen for 1949-50. Her whole interest seems to lie in the south dorm.

MARGARET JOHNSON—Cochrane.

Devilment at the dorm. is attended by Peggy. Her favorite pastime is horse-back riding. Plans: Trail guide at Banff.

SHIRLEY KIBBLEWHITE—Balzac.

Favorite pastime is making her roommate study. Her aunt is apparently trying to make a match for next year.

VERLE LEE—Ponoka.

Main occupation is giggling and writing letters to "Don". Took up waitressing after Christmas. Favorite expression: "Shucks".

FRANCES LEROHL—Lethbridge.

In a city south from here,
There lives someone very dear,
To our Frances, so we hear.

DORIS MILLER—Wayne.

Keeps the noisiest room in the dorm. Hobbies: Sewing and baseball.

ISABELLE MORRIS—Lacombe.

Favorite saying: "Is he ever cute!" as she views some special campus character. And that chuckle!

GERDA NIELSEN—Standard.

Gerda is widely known as "Sis". Her ambition is to some day get up for breakfast. Pastime: waving hair.

BLANCHE OHLER—Stavely.

Interested in a certain boy from home. We all doubt if she'll be back next year. What say, Blanche?

JOYCE PETERSEN—Erskine.

Better known as "Pete". Has a laugh that comes right from her toes.

GWEN ELLEN RUBLE—Drumheller.

Likes to autograph boys' hats. Her favorite expression is "Oh, gee whizz".

EDNA SALMON—Donalda.

Bunny is always trying to achieve the impossible. Our Glee Club Secretary.

MARCELLA SCHIELKE—Olds.

Marcella carries the torch for the town of Olds. She takes part in all the college activities.

JOYCE SIEGEL—Buck Lake.

Favorite pastime is writing letters and waiting for answers. Always is first to the mail box.

ALENE SKEELS—Bentley.

Favorite hobbies are sports and sewing. She apparently has trouble with double dates.

THERESA WOIDAK—Ponoka.

Terry seems to prefer other people's beds. Pet hobby: collecting rings from every boy in the dorm.

First Year Boys' Class BIOGRAPHIES

RAYMOND ANDREWS--Drumheller.

Born 1925--Popped into the world by the slack mines in Drumheller. Ted has a jolly outlook on life.

RUSSEL BARROWS--Coutts.

A wheat farmer who likes hunting, basketball and badminton. His favorite subject is women.

DELBERT JOHN BICKLEY--Red Deer.

A studious lad who makes the other fellow's marks look bad. A faithful customer at Paulie's.

LEIGH BLACKWELL--Calgary.

A dairy farmer from Calgary. President of Glee Club. Plays hockey. Favorite pastime?--Jean.

FRANK BOSOMWORTH--Carstairs.

A quiet, high-powered farmer who likes mechanics, hunting and hockey.

LLOYD BROWN--Olds.

To reach the college, Lloyd must pace off one half mile of black top. First class water monger in Botany class.

DONALD CASSEL--Warner.

"Red" is professional shoe polisher and expert on guns and ammunition. Operates the P.A.

EDWARD CHRISTENSEN--Rosedale.

Eddie sees a great light in the north wing of the dorm. He plans to go to Tech.

GORDON CHRISTENSEN--Rosedale.

A likeable chap, better known as "Colonel". His future is not designed.

BERT COULTIS--Wardlaw.

Known to most of us as "Zeke". One of our star performers on the Lits.

ERNEST DAMKAR--Calgary.

Hails from a dairy farm. Friendly and likeable chap with stories galore.

JAMES EDWARDS--Drumheller.

A dark, husky fellow who acts as official bouncer when his floor is raided.

LAURIER FLEURY--Duchess.

A small dark lad, commonly known as Pierre. His ambition is to become a rancher.

MELVIN FREDELL—Carstairs.

Two hundred and ten pounds of happy-go-lucky cowpuncher. "Big Enough", as he is called, is also a true sportsman.

ARNOLD GODLONTON—Whiskey Gap.

A swell guy. Favorite pastime is baseball and admiring his muscles in the mirror.

FRANK GOETTLER—Okotoks.

A prominent cattleman and baseball pitcher. Finds good excuses to go home week-ends!

ROBERT GREENAWAY—Calgary.

Address: General Delivery, Western Canada. Noted for cultured jokes and colorful language.

FRANK GREGG—Calgary.

Frank is the jazz dancer who plays senior basketball. Interests are model building, horses, and—

DONALD GRIFFITH—Cessford.

"No lead was exchanged" in Don's book review. Morale booster for the senior hockey team.

SAMUEL GRIMSON—Red Deer.

Known as Samwell, is fond of hockey and looks forward to Animal Husbandry to accumulate some long lost shut eye.

ROBERT HEALY—Vulcan.

Bob is doing all he can to pass "Poultry and Dairying".

NORMAN HOWG—Enchant.

Norman is a very studious lad. He hopes to own his own farm some day.

DELMAR HUNT—Picture Butte,

Delmar, the college dorm. prank target, is the studious type behind a hingeless door—Bang!!

BRUCE ING—Carstairs.

A handsome and popular lad who excels in baseball and hockey. Sports editor on the Chinook and secretary-treasurer of the hockey team.

GERALD JOHNSON—Markerville.

"Lover boy" has an interest elsewhere; burns midnight oil; reads books.

KENNETH JORSVICK—Eagle Hill.

Fond of hockey and a dark D1. Relates Swedish version of The Three Bears.

JERRY KEMP—Innisfail.

Likes western movies and curling. Ambition is to graduate from O.S.A.

GRANT KENWORTHY—Clive.

Handsome "Red Head" who enjoys the social life. Intends to be a farmer.

LOUIS LEMAY—Trochu.

Louis is the jolly boy who lives to eat.
One of the famous "Andrew Sisters".

GRANT MADIN—Cochrane.

Grant is already established in the dairy business. Pastime is football.

HAROLD MENSINGER—Vulcan.

One of the senior hockey players. Takes active part in pranks of the boys' dorm.

JAMES MILLER—Rockyford.

There is no one with endurance like our dorm. night-hawk, Jim. Attended Tech. last year.

EUGENE MONTGOMERY—Morrin.

Monty is the alert prankster at night and the inert sleeper in Animal Hub. labs.

RONALD MURPHY—Knee Hill Valley.

Ron turns a listening ear in Animal Hub. classes. Why the frequent visits to Pine Lake, Ron?

EDWARD OBER—Coaldale.

Eddie hails from the sugar beet country. Apart from his studies, is an active member of the senior basketball team.

ALLAN OBORNE—Eckville.

Better known as "Moses" 'round the college. A good fellow at heart and loves sports.

NEIL OHLER—Stavely.

Well liked by all, Ole is the little fellow with the little car.

ERLING PAULSON—Ponoka.

Erling plans to take only one year here and then start farming. Good luck, Erling!

MARVIN PETERSEN—Olds.

Hobbies: Mercury truck and John Deere tractor. Ambition: Prize Hereford cattle. Is woman hater at times.

GORDON POTTER—Strathmore.

Gordon is a quiet lad. His main trouble is women. Likes hockey. Hopes to be a farmer.

BRYCE RALPH—Stavely.

Bryce doesn't take his work very seriously. Likes farming and raising sheep.

FRED REATH—Vulcan.

Likes everything connected with farming except chickens. He does woodwork in his spare time.

IAN REATH—Vulcan.

Ian likes farming and is starting a hobby of raising Palominos. His favorite sport is hunting.

BERT SAUNDERS—Red Deer.

A broad shouldered, husky defenceman on the senior hockey team. Plays mouth organ. Interest is east of Olds.

WALTER SCHEIDT—Didsbury.

A dairy farmer who takes work seriously. Interested in social functions. Sees the humorous part of life.

HAROLD SCHIELKE—Carstairs.

Our Assistant Editor. Likes hockey and playing the accordion. Looking forward to farming with his father.

HERMAN SCHWENK—Coronation.

The boy with one tooth missing. A lover of western stories. Ambition: ranching.

DEAN SUGGETT—Bentley.

"Chesty's" favorite flowers are "Violets". A fast forward on the senior hockey team.

ERNEST SURKAN—Penhold.

A rather tall dark fellow. Always getting into mischief. Likes the farm. Hopes to be an Agricultural Engineer.

ROBERT THOMAS—Olds.

Bob is quite a boy. No "special interests" in the school, but is found frequently in the Ds—singing.

KENNETH THURSTON—Knee Hill Valley

Ken burns the road to Red Deer each week end. A practical "joker".

CLAUDE TRENHOLM—Didsbury.

Claude is not highly influenced by room-mate, prankster Monty. Plans to attend Tech.

CLAUDE WEBB—Swalwell.

A Holstein dairy farmer. Loves outdoor life and enjoys playing hockey and curling.

GLEN WHITECOTTON—Lacombe.

Born April 6, 1931. "Cotton" is anything but a quiet lad, and is usually the first to shout "shower".

CLARENCE BJARNESON—

We all regret that Clarence was not able to complete the school term. He has been given medical treatment in Calgary since January. We did note that his personality appealed to girls, fellows and staff.

We extend to you our most sincere best wishes and friendship, Clarence.

STUDENTS' COUNCIL

THE STUDENTS' COUNCIL, composed of twelve members and four staff representatives, was elected early in the fall term. This body assisted with and was responsible for many of the athletic, social and literary activities during the term. The Council was responsible for the handling of the student fees paid at the beginning of the term to cover the expenses of student extra-curricular activities.

The staff appreciates the work done by the Council and the students themselves gained worthwhile experience in local government.

—C. E. YAUCH, Principal.

REMEMBER WHEN—

—Great consternation and speculation was caused in the girls' dorm. one night during study period. The sound of a definitely male voice asking the whereabouts of a certain male student was heard. Perhaps the notice on the door of the room he enquired at had something to do with his being in the wrong place. It read as follows: "This is the residence of Nick and Johnny. Lady visitors only."

—Mr. Malyon gave a recipe for apple pie: "Get a box of crisco and read the directions on the box."

—Answers in the poultry exam. stated that the dimensions of a chicken house for 150 chickens were 20 ft. wide by 1500 ft. long. Number of feed troughs for 150 chickens—18.

—Miss McIntyre said: "Don't you dare be late or you'll be locked out."

—One of the biographies for the year book read: **Walter Scheidt**—A dairy farmer who takes work seriously. Interested in social functions and sees the "humorous" side of life.

—Mr. Malyon escorted Ken Fletcher to the dark D's during dance intermission.

—Three girls escaped from the dorm. during study period, went to the show. and were escorted back by an instructor.

—Mel Fredell was delivered to the dining room in the linen trunk—"Without a shirt".

—Mr. Jorgenson offered to be the guinea pig for the patients' bed bath.

—Miss McKim fed epsom salts to other staff members in their milk and potatoes.

1. Hurry! Boys' Dorm. Calling.
2. Midnight Snack.
3. That "After-Dinner" Shower.
4. Shower! But who else got wet?
5. Are you wet?

6. Dog Pile.
7. Leg Display.
8. Forlorn.
9. 10:29 p.m.

ATHLETIC ACTIVITIES

It is hoped that apart from the pleasure enjoyed from participating in sports that some of the lessons in citizenship were learned as well. Such lessons as fair play and co-operation, so important in all phases of our lives are so often learned on the fields of sports.

A great deal of enthusiasm and interest in sports was shown by the students of O.S.A. during the '49-'50 term. In all the activities from table tennis to hockey and basketball, a genuine spirit of co-operation prevailed. Perhaps this spirit can best be exemplified by the manner in which the skating rink was prepared for use. The students, working in pairs, flooded night and day for three short days until the rink was ready for use.

Such a spirit as this will most certainly be carried over into other phases of their lives.

EDITH LICK

JACK HOOPER

FIELD DAY

THE ANNUAL Track and Field Day was held on October 28, 1949, under the capable supervision of the staff. A number of events were run off before bad weather set in, halting the proceedings. Keen enthusiasm was shown by students either as participants or as fans cheering their respective classes to the victory.

The girls' aggregate was won by Edith Lick while Jack Hooper was top man of the day. Both sustained the titles which they had won last year.

Results of the events that were completed are:

GIRLS—

60 Yard Dash—First, Lick; Second, Komarnisky; Third, Weston.
 120 Yard Dash—First, Lick; Second, Komarnisky; Third, Hansen.
 Standing Broad Jump—First, Komarnisky; Second, Lick; Third, Weston.
 Running Broad Jump—First, Vik; Second, Lick; Third, Komarnisky.
 Class Points—Second Year, 25; Two-In-Ones, 5; First Years, 1.

BOYS—

100 Yard Dash—First, Hooper; Second, Snodgrass; Third, Ing.
 220 Yard Dash—First, Ing; Second, Primrose; Third, Hooper.
 Standing Broad Jump—First, Hooper; Second, Karg; Third, McCollister.
 Running Broad Jump—First, Dodd; Second, McCollister; Third, Sugget.
 Class Points—Second Years, 18; Two-In-Ones, 11; First Years, 7.

Back Row—Roy Kinsey, Sam Grimson, Bert Saunders, Harold Schielke, Andrew Koster, Neil McKnight, Cecil Smith, Harold Mensinger.
 Centre Row—Walter Schroeder, Lyle Shultz, Keith McKinnon, Jack Hooper, Dean Sugget, Ken Jorsvick.
 Front Row—Ken Fletcher (manager), Bill Snodgrass, Ernest Smyth, Don Griffith, Bruce Ing, V. E. Molsberry (coach).

HOCKEY

THE SCHOOL TEAM entered into the Big Four League consisting of Olds, Bowden, Innisfail and Little Red Deer. They also played some exhibition games.

Under the able coaching of Mr. Molsberry, and management of Ken Fletcher, the team was something to be proud of, losing only one game during the league games. Snodgrass, Grimson, Mensinger, McKinnon and Shroeder were frequent goal-getters with McKnight and Hooper backing them up at defence and protecting Smyth who was outstanding in goal. The team was well balanced as all lines played equally good hockey with much fight.

An all-star house league team was also formed which played a few games during the latter part of the season.

The results of the games were:

O.S.A.	8	Bowden	2
O.S.A.	6	Innisfail	2
O.S.A.	11	Bowden	1
O.S.A.	7	Little Red Deer	2
O.S.A.	3	Innisfail	5
O.S.A.	11	Little Red Deer	1
O.S.A.	7	Vermilion	0
O.S.A.	2	Didsbury	9
O.S.A.	0	Olds Elks	9
O.S.A.	4	Penhold	2
O.S.A.	4	Calgary Tech.	2
Semi Finals—Olds	13	Little Red Deer	1
Finals—Olds	10	Innisfail	2
Olds	7	Innisfail	2

Back Row—Ken McLean (coach), Edith Edge, Agnes Komarnisky, Blanche Ohler, Barbara Weston, Betty Boulton, H. Moseson (manager).

Front Row—Peggy Johnson, Aileen Richards, Jessie Polichuk, Dorlene Johns, Jewell Marshall.
Centre—Merle Godlonton.

GIRLS' BASKETBALL

THE girls had an enthusiastic season and although there were many newcomers to the game, they developed fast. The team was centered around Aileen Richards and Jewell Marshall who played smooth leads, and Jessie Polichuk whose continuous fighting and accurate shooting helped the team to near laurels. The squad played eight games during the season. They developed undauntless spirit and drive. It was disappointing to see the girls go down in defeat before Vermilion by one point when the teams were so evenly matched.

Results of games were:

O.S.A. 10, Olds High School 25; O.S.A. 9, Olds High School 30; O.S.A. 15, Olds High School 38; O.S.A. 7, Calgary Tech 46; O.S.A. 6, Innisfail 24; O.S.A. 11, Vermilion 12.

Back Row—Frank Gregg, Ken McLean, D. R. Macpherson (manager), Melvin Fredell, Arnold Godlonton.

Front Row—Eddy Ober, Bob Shearer, Russel Barrows, Jim Taylor, Bruce Slater.

BOYS' BASKETBALL

THE boys witnessed a successful season but it was only towards the latter part of the term that they developed team-work resulting in a fast-breaking club with practically an unconquerable zone defence.

The players were all evenly matched in ability and so points scored were spread well among the whole team. Their reward for continuous practicing came when they defeated Vermilion by twenty points. Good shooting and height were to the team's advantage.

Results of the games played are:

O.S.A. 48, Olds High School 11; O.S.A. 28, Olds High School 9; O.S.A. 30, Calgary Tech 94; O.S.A. 28, Calgary Tech 43; O.S.A. 33, Red Deer 42; O.S.A. 48, Vermilion 28; O.S.A. 36, Innisfail 26.

RIFLE CLUB

The Rifle Club, which afforded more interest around the school than many of the other clubs, was ably organized and managed by Mr. Sutherland. Dick Schaefer was president and Dick McCollister secretary. Five rifles were supplied by the school, but ammunition was supplied by the students. The club was made up of ten teams, two of which were girls' teams composed of five members. Some of the top riflemen were Rowe Harvey, Frank Goettler and Allan Osborne. Competitions were held between the teams and a crack rifle club was to be selected to shoot in Calgary.

OTHER ACTIVITIES

A baseball team was organized in the fall, and played one game defeating Carstairs.

Ping-Pong, also played at the school, was among the sport competitions taking place when Vermilion visited us. Those representing the school were Gordon Karg, Dairoku Matsugi, Bob Shearer, George Comstock, Bill Poole.

Thanks must go to the staff for the co-operation they gave to sports by getting games and transporting players to outside games. The fans also are to be praised for the enthusiastic support they gave the teams. The cheer leaders with their yells made the sport competitions more interesting.

BOWLING

The Bowling League organized by Gerda Neilsen and Bob Green consisted of twelve teams each consisting of four boys and two girls. They played their games at the local bowladrome every Monday and Saturday. There was much enthusiasm among the teams and those trying for top honors.

High team average went to the team captained by Jim Taylor. Members included Doris Miller, Ron Hilton, Dick Schaefer, Allen Roeth and Ivy Blair.

High individual awards rested on the play of Bob Shearer, Reinhold Schraeder, Rowe Harvey and Bob Green. High girls were Ellen Ruble, Leola Buehler, Jewell Marshall and Lois Hancock.

BADMINTON

Badminton was played by both staff and students. Competitions were stiff even though many played for the first time. The games played during the winter determined those who would represent the school against Vermilion. Russell Barrows won the men's single championship, defeating Campbell of Vermilion, 21-11. Girls' singles was won by Barbara Weston. Men's doubles were played by Scott Primrose and Dave Hoeve who defeated Vermilion 21-5. The mixed doubles team of Agnes Komarnisky and Scott Primrose won by the score of 21-6.

THE LITERARY COMMITTEE

LOIS, Jean and Bob have been very willing co-operators on the Literary Committee. Each has taken part in the organization of literary functions, and each has entered into the literary programmes. Lois and Bob, on different occasions, acted as chairman for the evening. There is no doubt that the experience in leadership will continue to be an asset to them in future community activities.

LITERARIES

SECOND YEAR LITERARY.

Again, as in previous years, the second year class designed the first lit. The theme of the evening was western, and the gym was decorated as for a barn dance. All students contributed with colorful shirts and Stetsons. A short program was performed, still with the western flavor. A rollicking time was had by all, dancing to the swing of the school orchestra.

For the second lit. we went ahead fifty years, and Grandmother Godlonton and Grand-daughter Marilyn reminisced over their memories of the past years at the O.S.A. The gym was given a night club effect with the name "The McKnight Spot".

At last the long awaited event of choosing the '49-'50 O.S.A. Queen arrived with Dorlene Johns winning the honor.

Neil McKnight, prominent owner of the "McKnight Spot", displayed remarkable talent in his job as M.C.

TWO-IN-ONE LITERARY.

A bustle at the door and the strains of Old Black Joe opened the first Two-In-One lit. As the music grew louder the door opened and in came a line of singing darkies. After settling themselves comfortably on the cotton bales which decorated the stage, the darkies blended their talents into an enjoyable rendition of "Dixieland". Humor and song were well handled by all. Outstanding on the program was the "Jorgenson Special", performed by Ken McLean and Roy Kinsey. The program was brought to a close as the darkies returned to the south.

Romance, music and beautiful girls were characteristic of the second lit.

Jerry White took us with him to a travel bureau where we were given glimpses of intriguing places to visit. The U.S.A., South America, Ireland, Holland, Spain, the Ukraïn, Arabia, Hawaii and Africa were portrayed. Again we were allured by "Carmen McLean's" hula dancing and the music of our trio, Helen, Lois and Fay. However, our pleasure was turned to horror when we visited Africa and found Gus in a pot surrounded by ferocious natives.

After this shock we returned to our own peaceful Canada where, to our dismay, Indians seized and scalped Jerry, thus concluding the lit.

FIRST YEAR LITERARY.

For the first Lit. the theme was "Waltz Night". The entire class took part in the singing.

Dorlene Johns and Leigh Blackwell took the lead with their rendition of "Shine On Harvest Moon". The "Andrews Sisters", Zeke, Louis and Neil, gave their version of "You Call Everybody Darling". As the lit. was the last one before Christmas, our six-year-olds, Dave and Leigh, sang "All I Want For Chrithmath Ith My Two Front Teeth". Granpa Ken Jorsvick, gave us the story of the Three Bears in his native Swedish. The rest of the program gave us that Ab Lyman rhythm for the dance that followed.

The second Lit. was a radio program. Tuning into station C.O.R.N. we had a very entertaining evening, with the "Happy Gang". The joke pot, truth and consequences, and station C.O.R.N., left the air at 8:30 upon which the evening was spent dancing.

SPECIALS LITS.

GLEE CLUB.

Before Christmas the Glee Club songs consisted mostly of Christmas Carols. The efforts of the Glee Club were put forth at the Christmas Literary, December 16, and again at the Christmas supper on December 18.

MR. HARGREAVES, JANUARY 6th, 1950.

Duncan Hargreaves, Superintendent of the Provincial Horticulture Station at Brooks, Alberta, gave us an exceptionally interesting lecture on the "Old Country". He expressed his feeling and helped broaden our interests by showing some of his treasured pictures, which were taken by himself on his trip through England, Scotland, France and other places of interest.

Mr. Hargreaves is a graduate of the O.S.A. He also graduated from the University of Alberta and obtained his Master's Degree at Ames, Iowa. In 1948, he won the British Council Scholarship which entitled him to the trip to England, Ireland, Scotland and France. He attended the Agricultural College at Redding, England.

PANEL DISCUSSION.

In place of a debate which was to have taken place between first and second year students, the second year students gave a panel discussion on whether the wheat board or the grain exchange system of marketing grain was more advantageous to the wheat farmers.

The participants were Barry McMullen, Agnes Komarnisky, Scott Primrose and Grete Wuth. Barry acted as chairman, Scott took the part of the grain exchange, Grete the part of the wheat board and Agnes acted to balance the arguments of the two sides. Both sides of the question were brought out but the reaction of the audience indicated that most of the students favoured marketing grain through the wheat board.

LITERARY DANCES.

The alumnae dance was the first dance sponsored by the literary committee. The gym was gaily decorated and the music was supplied by the Olds Silvertones—Mr. Jorgenson in the limelight. This music added to the pleasure of seeing all the old O.S.A. graduates again.

The masquerade dance in February added to the fun of all the students. Costumes from all walks of life were represented. Stevie Medyk and Ray Swenson walked off with the prizes. The usual evening of dancing was spent.

Following the Friday night Lits., the school orchestra supplied music for three hours of dancing. These dances have consisted of novelty dances such as Bingo, squat dances, spot dances and good old fashioned square dances, as well as the usual waltzes and fox trots.

AMATEUR NIGHT.

On the twenty-seventh of January, we discovered that O.S.A. had a great deal of hidden talent. Songs were sung by Leola and Joan Buehler,

(Continued on Page 117)

CLASS PLAYS

THE staff and students of O.S.A. gained much entertainment from the one-act plays presented by the three classes on the evening of March 17.

The evening program commenced with "Buddy Buys an Orchid" by the First Year Class. Buddy, a typical teen-ager, experienced many difficulties with his first date but circumstances brought about a happy ending.

"His Methodist Foot" starred Margaret Wickson and Bill Poole as parents of the adolescents, Helen Kwaczek and Roy Kinsey. Bill Snodgrass, the book salesman, added many complications to the plot by posing as the new Methodist minister in the town.

The Second Year Class permitted us to witness the "Happy Journey" of Ma and Pa Kirby and their two children to visit daughter Beulah.

We extend our appreciation to Miss Nelson of the Extension Branch of the University of Alberta for coaching the three plays during the final week.

SECOND YEAR PLAY

7. Dan Cupid Himself.
8. May I Sit With the Angel??

SOCIAL

THE SOCIAL COMMITTEE consisted of three very able representatives.

Aileen Richards, Ken MacLean and Bill Snodgrass. Together they planned many eventful evenings which were enjoyed by all. They also had a full time job decorating the gym for various events such as the Vermilion visit and the masquerade dance.

A very hearty vote of appreciation goes to these people for the wonderful job they have done.

Staff Reception

THE FIRST LIT. of the year was sponsored by the staff, enabling all the students to become better acquainted.

The evening was spent in teams competing in different events of stunts and pranks. A great deal of cheering for one's own team gave mirth to the contestants, and added to the spontaneous fun.

Thanks, Staff.

Initiation

AGAIN THE TIME rolled around to give a hearty welcome to the new students, namely the First Years and Two-In-Ones.

It was a week of torture for the horror-stricken students saying "Sir" or "Madame", and clearing the sidewalks for their superiors, all over the campus.

The most colorful event was Friday, when the new students had to partake in an uproarious assortment of costumes. The less fortunate males were seen crowding the corners in coveralls turned inside out and worn backwards. Members of the opposite sex clattered into class in "long-johns" and shorts. A snake dance was performed through the downtown section of Olds. This held the entire attention of the residents and incidentally, managed to block the traffic and stop the games in the pool hall. The Second Years concluded the week on Friday night with a path of horror. A jubilant time was had by both staff and students. Because of the good fellowship displayed by all, the initiation of '49-'50 will add to the O.S.A. memories.

WEINER ROAST

For entertainment on Friday night, November 11th, the staff had a weiner roast for all the students. About seven o'clock everyone hiked out of the dorm. and down the road about a mile to the farm of Mr. Colwell. Wood for the bonfire had been gathered previously, so it didn't take long to get the fire roaring. Songs were sung by everyone, under the direction of Mr. Kirk. A square dance got under way for all the energetic people. Then the main event, "**eating**", commenced about 10:00 p.m. Hot dogs and coffee were served. The evening was a very enjoyable one.

ALUMNAE

Alumnae means the reunion of ex-students at O.S.A., and that was just what it was again this year, as anyone who attended would tell you. The college was over-run with people who were reminiscing with old pals and enjoying themselves to the fullest. It will certainly be a date remembered by everyone.

S O C I A L

O.S.A. Glee Club . . .

During the first part of November, Mr. Kirk organized a Glee Club. Leigh Blackwell was elected president, Bob Thomas vice-president, and Edna Salmon, secretary.

Each member paid twenty-five cents when joining. This money was used for buying records and sheet music. All members seemed to enjoy themselves at the meetings Wednesday afternoons, but the only drawback was getting started on time.

Thanks, Mr. Kirk, for doing such a wonderful job.

The Students' Orchestra . . .

The Students' Orchestra was bigger and better than ever this year. Phyllis Edwards was again our very able pianist. Neil Horlacher with his famous trumpet, Gordon Karg on the drums, and Dean Sugget with his violin and saxophone completed the orchestra.

They very faithfully played for our Friday night dances, and during the first part of the year got the Tuesday night dances underway until the Council bought records.

Congratulations Orchestra. It was a job well done.

VERMILION VISIT

FRIDAY

The long awaited Friday the seventh finally rolled by. Everyone seemed to be restless. It was about five-thirty p.m. when we heard a loud commotion in the gymnasium.

All the members of the basketball and hockey teams went out to greet the Vermilion visitors and escort them with their baggage to their sleeping quarters.

The V.S.A. students and staff were invited to the literary programs sponsored by our students. A speech of welcome was given by our principal, Mr. Yauch, and Mr. Putnam of the Department of Agriculture. Also a word of welcome to the V.S.A. students was given by our school president, Neil McKnight.

We were all entertained by various numbers on the program sponsored by many of our talented students. After the program a dance was held in which the school orchestra supplied us with some fine music. The dance was enjoyed by each and every one of the students and staff.

SATURDAY

With our eyes half closed and still tired from the night before, all the O.S.A. students attended the regular Saturday morning classes.

All the V.S.A. students were taken for a tour around the campus. The girls were escorted by Mr. Jorgenson and Miss Caverhill, and the boys by Mr. Yauch.

The competition between V.S.A. and O.S.A. commenced at 1:00 p.m. with table tennis and badminton. In table tennis there wasn't much opposition from Vermilion, but of the few we completed, the O.S.A. was victorious. The badminton game turned out to be very successful. There were many who were interested competing in this game. 2:30 p.m. was the scheduled time to begin the hockey game which was one of our chief competitions of the day. The boys of both O.S.A. and V.S.A. in their bright uniforms were on the ice getting prepared for the game.

The spectators from Vermilion and O.S.A. all clustered around the rink, rooting and cheering for their home team. Everyone was very tense during the first period. The time was near the end of the first period and the score zero to zero. Our boys broke the end of the first period and the score stood at 7 to 0 at the end of the game. From 7:30 p.m. there was a competition of two basketball games. The girls' game with a very close score of 12 to 11 went to V.S.A. In the boys' game the O.S.A. boys were victorious with a wide margin of 49 to 29.

Immediately following the basketball games, a dance was sponsored with music supplied by records. Lunch was served at 10:30 p.m. and the dance continued until midnight.

Near the close of the dance a short speech of thanks was given by the President and Vice-President of V.S.A.

The O.S.A. students gave three cheers for V.S.A. and the same was returned to us by Vermilion.

SUNDAY

The bus and the staff cars pulled up in front of the dormitory immediately after breakfast. At 9:00 a.m. everyone of the V.S.A. students boarded the bus and the cars. The staff and some of the students who had not been up for breakfast all year were out to bid farewell to the V.S.A. students and staff until next year.

ALTA. GOVT. PICTURE

Practical Courses in Home Economics

THE MAJORITY of classes taken by the girls are practical. Listed among these are: sewing, cooking, handicrafts, laundry, home nursing, poultry, dairying and home management.

The sewing course proved most beneficial. A keen interest is taken by all the girls. The sense of accomplishment is greater here than in any other course.

A wide variety of cookery is taken. The one stipulation in this class being that "you eat what you make" adds pleasure as well as an over-stuffed feeling at times.

Handicrafts takes in many phases. Though many already know how to embroider, crochet, and knit, there are many new things to learn too. Glove making, shell craft, felt-work, all add to the variety.

Home nursing is very worthwhile. Not only do we learn to become able first aiders, but we are taught to recognize symptoms of many ills and how to care for them under home conditions.

Under Mr. Malyon's guidance, most girls became quite attached to chickens though they have hitherto had a great aversion to them.

ALTA. GOVT. PICTURE

ALTA. GOVT. PICTURE

Dairying also proves interesting, especially when the course culminates with the making of ice cream.

Home Management covers the general running of the home, both economically and practically. This assistance will be of much value in the years to come.

Academic Courses in Home Economics

NUTRITION, SCIENCE, textiles, economics and co-operation and social relations are all taken by both Second Years and Two-In-Ones. The Second Years, however, take English and Mathematics as well, in order to round out their high school diploma. This study makes itself apparent in debates and discussions carried on at the Lits. All these subjects, with the practical courses, help to make up an interesting, useful and well-rounded course.

ALTA. GOVT. PICTURE

ALTA. GOVT. PICTURE

Academic Courses in Agriculture

IN THESE CLASSES we are given lectures and notes, and take up a detailed study of all the different types of work we do in the lab. classes.

A very useful course the First Years and Second Years get is English which is taught by Mr. Jorgenson. We learn how to give speeches properly in front of the public. This is very useful to many of us who may have such opportunities when we get out into the world.

The classes in poultry which are taught by Mr. Malyon, come to a close near the end of January each year. For the remaining months of the term the students change their course of study from poultry to dairying.

The students usually get one period of break before the year is through and this comes on a day when everyone makes his share of ice cream. This is one time you can get refills in ice cream as long as you freeze your own share.

The many different experiences and enjoyments which we go through during the term at O.S.A. are difficult to express in just a few words.

ALTA. GOVT. PICTURE

ALTA. GOVT. PICTURE

Practical Courses in Agriculture

THERE ARE many different lines in the practical course of agriculture. One of the most important courses we get is field husbandry which is taught by Mr. Molsberry, a newcomer to the O.S.A. this year. The course mainly deals with germination tests of various types of seeds under different conditions. A study of many types of soils and how to improve these so as to grow a suitable crop and different rotation of crops is also taken into consideration.

Another course which is a necessity in agriculture is animal husbandry, which is taught by Mr. Macpherson. In this course we are taught how to butcher and judge beef cattle, swine, dairy cattle, and sheep. The animal husbandry classes are brought to a close each year by staging "THE LITTLE ROYAL", in which all the Two-In-One and Second Year students take part.

Metal work is one of the most practical courses at the O.S.A. We receive instructions from Mr. Armstrong in welding, blacksmithing and tin work. He is always willing to give us a helping hand whenever we run into difficulties.

The practical course in Agriculture is not complete without Farm Mechanics which is taught by Mr. Kirk. The students learn the general overhaul of tractors, pump engines, and timing of many different types of farm engines.

In the course in farm building, we are taught by Mr. Carter, the methods of applying different types of insulation, how to operate power tools and the proper care and use of these tools. The most practical project is building the model house in which you learn how to cut accurately the common, hip and the jack rafters.

All the practical classes are much more pleasant this year because of the new central heating system which was completed last summer.

ALTA. GOVT. PICTURE

LITTLE ROYAL

LITTLE ROYAL

THE ANNUAL SHOW of livestock trained and shown by the members of the graduating classes in Agriculture was displayed in the O.S.A. Mechanics Building on Saturday, March 18th, starting at 1:30 p.m.

W. C. Gordon, District Agriculturist, Ponoka, and a former staff member judged the work of the students in training and showing the animals.

First places in the respective classes were as follows: Bob Bradley, Yorkshire Gilts; Ken MacLean, Yorkshire Gilts; Bob Green, Suffolk Ram Lambs; David Hoeve, Holstein-Friesian Bull Calves; William Stauffer, Holstein-Friesian Yearling Heifers; Robert Shearer, Holstein-Friesian Heifers; Kees Winter, Holstein-Friesian Cows; Keith McKinnon, Shorthorn Heifer Calves; Scott Primrose, Shorthorn Yearling Heifers; Allan MacArthur, Shorthorn Two Year Heifers; Allan Gustafson, Shorthorn Cows; James Bodman, Aberdeen Angus Bull Calves; Roy Kinsey, Aberdeen Angus Yearling Heifers; Murray Dodd, Percheron Horses; Ronald Hilton and Lyle Schultz, Butchering.

Although the day was very cold and miserable, about 400 spectators attended the show.

ACHIEVEMENT DAY

ACHIEVEMENT DAY, that all important day when all classes displayed the year's practical work, was set for Wednesday, March 29th, at 2:00 p.m.

Proud parents and friends witnessed bashful girls, stepping gracefully down the ramp, displaying their favourite gowns. We were impressed by Betty Boulton's wedding dress, Merle's evening dress, Margaret Wickson's top coat, and the suits made by Eva Mae, Aileen, Leola and Doreen; the gloves made by Helen Kwaczek, Mary Dunay and Stevie; the lounge upholstered by the Two-in-Ones; the chairs refinished by the First Years; the exhibits of metal work, woodwork, felt work, shell craft, hemstitching, knitting and crocheting.

The boys displayed overhauled tractors, cars, trucks, old pump engines; hog houses, feed troughs, cattle squeezers, cupboards, portable benches, a wheelbarrow; Lauier's tractor; Scott's cord saw; Ron's and Gert's automatic hack-saws, circular saws; numerous others. Visitors also viewed classrooms and interviewed staff members.

Tea was served in the dining room during the afternoon.

ACHIEVEMENT DAY

Hockey Award

GRADUATION

GRADUATION CEREMONIES FOR 1950 were scheduled for Wednesday evening, April 5th.

The graduation banquet, with entertainment provided by Mr. and Mrs. S. Robinson of Olds, was held in the O.S.A. dining room. Mr. Yauch, as chairman and toastmaster, called upon Mr. Carter to propose the toast to the graduating class, the responses to which were given by Margaret Wickson and Scott Primrose.

Formal ceremonies, under the direction of Mr. Yauch, principal, Mr. R. Putnam, superintendent of Schools of Agriculture, and Mr. O. S. Longman, Deputy Minister of Agriculture, were performed in the gymnasium. Jim Bodman gave an impressive valedictory. Presentation of prizes was followed by a semi-formal dance with the Fox Orchestra from Innisfail.

Valedictory . . .

By JAMES BODMAN

IT IS INDEED an honour to have been asked to address you tonight on behalf of the graduating class.

As the oldest member of the class, probably I look back and review my two years at Olds with a somewhat different outlook to many of you. However, I feel that my conclusions are the same as yours. They are, briefly, that we have all benefited greatly both academically and socially and much we have learned will assist us in facing the problems of the future with greater confidence.

The time has arrived for many to discard books and classrooms and shoulder new responsibilities. Many of us I hope will continue on to University and the higher schools of learning and carry the good name of the Olds School of Agriculture to the fore as many before us have done.

Olds School of Agriculture has a great tradition although a comparatively young school. It is recognized not only in Alberta, but in Canada and many leaders in Agriculture graduated here. It is our responsibility to maintain those traditions.

We must pay tribute to the staff who have contributed so much towards our welfare and well being here. To them we owe much.

In conclusion we must remind ourselves that agriculture today in Canada is facing a turning point after years of considerable prosperity. She needs young men and women of education and leadership. It is up to us to lead the way and to make the best use of our training.

To all of you good luck and good farming!

SCHOLARSHIPS AND PRIZES

SCHOLARSHIPS ANNOUNCED CLOSING EXERCISES, APRIL 5, 1950

Alberta Surplus Wheat Board Money Trust. Tenable University of Alberta.

Agriculture—GRETE WUTH.
TOM MOORE.
HUGH BRADLEY.

Home Economics—IVY BLAIR.
BARBARA WESTON.

First Year Students who return for Second Year at School of Agriculture:
For highest standing:

Agriculture—JIM MILLER.
Home Economics—RITA HOPKINS.

Scholarships in Home Economics:

By Alumnae Association—RITA and LITA ARCHIBALD.
By Alberta Women's Institute—EDITH EDGE.

Scholarships in Agriculture:

By Alumnae Association—DEAN SUGGETT.
By Alberta Seed Growers—HAROLD SCHIELKE.
By Alberta Hatching Egg Association—HERMAN SCHWENK.
By United Farmers of Alberta—BOB THOMAS.
By Imperial Oil—BRUCE ING.

PRIZES AND AWARDS

An award for outstanding proficiency in Sewing and Handicrafts, Two-in-One Class—
Winner—STEPHANIE MEDYK.

An award for outstanding proficiency in Sewing and Handicrafts, Second Year Class—
Winner—IVY NOREEN BLAIR.

An award for outstanding proficiency in Cooking and Apartment work, Two-in-One Class—
Winner—BETTY BOULTON.

An award for outstanding proficiency in Cooking and Apartment work, Second Year Class—
Winner—AUDREY SHRUMM.

An award to the graduating student in Home Economics having the highest academic standing—
Winner—MARGARET WICKSON.

An award for outstanding proficiency in Live Stock Judging and Field Husbandry, Two-in-One Class—Winner—ALLAN McARTHUR.

An award for outstanding proficiency in Live Stock Judging and Field Husbandry, Second Year Class—Winner—DIETRICH AMMETER.

An award for outstanding proficiency in Carpentry, Blacksmithing and Farm Mechanics, Two-in-One Class—Winner—CHARLES FAWCETT.

An award for outstanding proficiency in Carpentry, Blacksmithing and Farm Mechanics, Second Year Class—Winner—RONALD HILTON.

An award to the graduating student in Agriculture having the highest academic standing—
Winner—GRETE WUTH.

The following awards are made to the winners of the Olds School of Agriculture Public Speaking Contest:

First Prize—LARS WIDHOLM.
Second Prize—AGNES KOMARNISKY.
Third Prize—GRETE WUTH.

ALUMNAE

YOU, AS A GRADUATE of the Olds Schools of Agriculture, have the opportunity of selling the services of the school to the residents of your home communities. To assist you to maintain contact with the Agricultural School and its ex-students, the O.S.A. Alumnae Association has been organized.

Each year the Alumnae members meet at the School in July for a re-union and short course, and again in November for a re-union and grand dance. The Association also publishes an Alumnae Review four times a year for paid-up members. Furthermore, the organization of ex-students provides an annual scholarship of fifty dollars to the outstanding student in First Year Agriculture. In December, 1949, the Association presented a new public address system as a gift to the Olds School of Agriculture.

You are invited to join the O.S.A. Alumnae Association; we welcome your support. Arrangements may be made in person or by mail with Don Macpherson, president, or with Fred Jorgenson, secretary-treasurer.

LIBRARY

THE O.S.A. LIBRARY continues its efforts to sell its services to the students and to the community surrounding the school. New books of general interest are accessioned in the library each year; there are now more than six thousand publications in the library.

Mrs. Kemp has shown sincere interest in the students' reading problems and has done much to make the library more attractive to interested readers. Newspaper publishers in various parts of the province have co-operated with the library by making local newspapers available to the students. We owe thanks to: The Innisfail Province, Lethbridge Herald, Delia Times, Lacombe Globe, Vulcan Advocate and the Olds Gazette.

Membership with the O.S.A. Extension Library may be arranged with Mrs. D. Kemp, librarian, or F. C. Jorgenson, library director.

YEAR BOOK AND
WISHES THE STUDENTS
EVERY SUCCESS.

Responsibility of Farm Youth

Farm youth should interest itself in the co-operative movement for in it lies the main hope for greater economic freedom and security for farm people.

Through strong co-operatives, farmers are able to influence the shaping of the agricultural policies of the nation. This is important if the interests of farm people are to be protected.

The Alberta Wheat Pool is Alberta's largest co-operative. It is owned and controlled by some fifty thousand grain producers. Over the years it has given outstanding service to agriculture. It is important that Alberta's young farmers actively support this great farm organization.

REMEMBER WHEN—

—The six hockey players had two o'clock breakfast at the staff table—and read announcements too!

—Don Cassel almost ran over the dean as he tore out of the closet of Room 8A.

—The curious mice (Harold, Bruce, George, Don and Gordon) met the cat (dean) on second floor (3 a.m.) Vermilion visit.

—The raiders returning from first floor were greeted with a forced grin as they entered the window of Room 19, second floor.

—Allan Osborne, our "Moses", answered his English instructor with posed innocence, "I haven't got a clue!"

AT COCKSHUTT - SCIENCE SERVES AGRICULTURE

Tensile strength and "yield-point" are vitally important in the manufacture of quality farm equipment. The Research Laboratory, under a trained metallurgist and chemical engineer, checks the quality of every shipment of raw materials. The Baldwin-Southwark Testing Machine, illustrated above, tests the strength of materials up to 60,000 lbs. pressure. This is only one of the many features of Cockshutt's modern plant that are designed to bring you equipment that's better in every way.

COCKSHUTT MAKE A "COMPLETE LINE"

For 111 years, Cockshutt engineers have worked in co-operation with Canadian farmers. From the experience and knowledge gained Cockshutt have designed and built a full line of field-tested, farm-proven machinery for every farm need. It pays to see the Cockshutt line before you buy any farm equipment.

WHAT DO YOU PLAN TO BE

Farmer?

Farming is a business -- and a highly skilled business at that. Success or failure depend on many factors, not the least of which is careful handling of farm finances. A good plan is to practice money management while you are still at college. Open a savings account at the Royal Bank and add to it regularly. And after you graduate make a habit of talking over farm finances with our nearest branch manager.

The Store Where You Can "Shop With Confidence"

REMEMBER WHEN—

—The girls asked, "Who was the nice old man who supervised our exam today?" (Mr. Armstrong.)

—Mr. Macpherson designed to make the boys strong enough to "wrestle" their cows for the "Little Royal".

—Mr. Kirk was caught in a vice. The class in which you repair "the old man's" tractor.

—Jorgy was kept busy in Math. trying to keep ahead of the smart ones and behind the dumb ones.

—You learned about the birds and the bees as applied to plants in Botany.

—Mr. Malyon taught the boys in poultry what they hoped to teach their wives.

—Poultry notes explained that: "Electricity is very good but it does not heat the whole house—only the "canape".

—The door sign of a certain room in the girls' dorm. known for its frigid properties stated: REFRIGERATOR No. 1--POLAR BEARS ONLY.

—Mr. Sutherland sampled cookies in the cooking lab. and said, "The only drawback about Chemistry is that you can never cook up anything fit to eat."

WATERLOO

1—FERGUSON TRACTOR & FERGUSON SYSTEM IMPLEMENTS.

The powerful new Ferguson Tractor's ease of control in all-round farm service is obtained as one of the many working advantages of the Ferguson System, the 3-point implement linkage and hydraulic control both finger tip and automatic simplifies and economizes the using of the full line of Ferguson machinery.

2—WATERLOO BELLE CITY THRESHERS.

A "Demand" line of threshers for 67 years—due to quality and performance based on greater rack surface area which gives greater separation and agitation of straw thereby saving the grain—operates continually throughout the threshing season with the least possible expense for upkeep, power and labour and renders years of lasting satisfaction and service because of its sturdy durable construction.

3—GLENER HARVESTER 6' COMBINE.

The only "Full-Jeweled" combine—meaning that every bearing is an anti-friction bearing being either a ball, roller or taper. Its quality throughout built for years of service—one man control with the electric Harvester Control—powered by an independent engine which is essential for efficient operation under all conditions.

4—THE WETMORE KNIFE-TYPE HAMMER MILL.

This is available in two sizes to meet your needs—straw cutting and grain grinding—easy to operate—maintenance low—only one moving part—this famous single unit rotor with knives, hammers and fans in one unit blows and throws the ground feed out the top.

5—THE WATERLOO FARM MASTER WAGON.

Features all welded steel construction—timken bearing equipped, special reach made of heavy gauge seamless steel tubing adding greater strength and dependability thereby eliminating unnecessary weight yet retaining maximum strength.

6—WATERLOO GARDEN TRACTORS.

These Canadian-built Garden Tractors are so perfectly balanced for easy handling that even a child can operate them—the engines are the best procurable and these with the proper gearing and large tires make Waterloo Tractors the most powerful garden tractors in their class—for economy, for versatile performance for trouble-free service.

7—GEM GRINDERS AND OAT ROLLERS.

Save time and money by using this simple, convenient and exceptionally low cost grinder which can be operated with 1½-3 H.P. motor—the Gem Oat Roller provides low cost feed by the crushing method—many stock feeders prefer the rolled grain for cattle, horses and poultry.

8—MINNEAPOLIS MOLINE INDUSTRIAL TRACTORS & POWER UNITS.

The Industrial Wheelers are designed for heavy work and feature the mid-ship transmission ideal for road construction, gravel loading, lumbering and many other varied uses—for stationary power the Minneapolis have a size for every need, ranging from 26 to 240 H.P.—these are the famous Minneapolis Tractor engines designed for lumbering, oil fields, irrigation, chopping mills or wherever power is needed.

Gives You The Strength of Many Men

Better seeds and fertilizers will bring you higher production and higher earnings than your fathers had, but only in the degree that they add to your yields per acre.

Farm machines . . . and especially farm power . . . are different. They **multiply** your production and your earnings in proportion to the acres of work you do in a day. They increase the thing that counts in modern farming—the **yield per man**.

A notable contribution to this is the hydraulic control which is regular or optional equipment on all Case tractors, and on Case Self-Propelled combines. It takes only a touch of a little lever to angle or straighten a harrow, to lift or lower the bottoms of a plow or header of a combine. It gives either a full, swift motion, or an adjustment as slow and as slight as may be desired. Because all the weight is handled by hydraulic power, it makes a boy as strong as a man.

Compared with hand tools . . . the hoe and cradle, pitchfork and flail that your grandfathers knew too well . . . a tractor with hydraulic control, and implements to match, makes you a giant many-fold. In work done and crops grown, you can be the equal of dozens of men.

AFTER 10:30 P.M.

One night—just one of the general run—as the girls were going to bed after the occasional water bomb and shattered bed rampage, some on the second floor decided to sleep with their friends. However, after lights out, Jean Christie's brother came along. Jean heard him in the hall and was intent on getting back to her room before she and Peggy were discovered in Terry's room, from whence Dorlene was missing. (Johns was upstairs with Ma.) However, when Jean got back to her room, that made too many. So Edith, who was sleeping with Evelyn Graf, was pushed into the closet. She found to her grief that the closet was also inhabited by mice who made their presence generally known by rummaging in boots and boxes. Now Edge informed me that this wasn't funny, but for the next half hour good old Ethel roamed up and down the hall—just to get things quieted down. By the end of that time, Edith was quite on "edge" as mice are one of her pet aversions.

At Your Service

The Line Elevator Companies, through their Agricultural Department—Line Elevators Farm Service—offer a variety of services which are designed to help the agricultural industry of Alberta. They include bulletins on weeds, chemical weed control, insects and plant diseases; germination and smut tests of cereal seeds; educational exhibits, etc. Graduates of the O.S.A. are cordially invited to make full use of these services.

Alberta expects O.S.A. graduates to set the pace, in good farming, for their neighbors. In this challenging work the Line Elevator Companies, our sponsors, wish you every success.

SPECIAL LITS.

(Continued from Page 61)

"Casey" Winters, Fay Spackman, Phyllis Edwards, Leigh Blackwell, Bob Thomas and Barbara Weston. Musical numbers were played by Gordon Karg and Neil Ohler on the accordin; Dave Hoeve, harmonica; Bert Saunders, harmonica; Charles Fawcett, guitar; Helen Thomas, piano; Merle, Agnes and Leola showed their skill in tumbling, and Lois Charlton gave a recitation.

While the judges were making their decisions, we were honored by some of our outside entertainers. Miss Shirley Voysey kept us on the edge of our seats by playing "The 12th Street Rag" and "In The Mood". Eleanor Mal-yon, daughter of our favorite poultry teacher, did a sword dance, accompanied by Mr. Jorgenson on the piano.

The judges returned and Leola and Joan, Dave, and Lois, were presented with the prizes.

DEBATE.

An interesting debate was presented by the first years and the two-in-ones on the resolution: "The schools of today are meeting the majority of the needs in preparing today's youth for life".

The negative side won by a narrow margin. Those taking part were: Jean Christie, Harold Mensinger and Jim Miller. The affirmative included Doreen Walker, Allan McArthur and Vern Johnson as their speakers.

SPECIAL LITS.

(Continued from Page 117)

A wealth of educational information was presented in an orderly and professional manner by the group. Humor was brought forth when Harold complained of the drinking facilities in our present day schools.

Both sides showed excellent debating ability and were commended on their efforts by the judges.

NORMAN KENNEDY.

Anyone who has heard Norman Kennedy's singing can appreciate the success of his visit to O.S.A. on March 3rd.

For one hour, Mr. Kennedy kept the audience interested with songs such as "Sylvia", "Lil Batise", and "Old Mother Hubbard".

Mr. Kennedy is a soloist at Central United Church in Calgary, and also is principal of Central High School.

He has the rare knack of keeping the audience interested with all his songs as well as with his humor.

Beatty

LABOUR SAVERS FOR HOUSE AND BARN

CAPTIONS—Beatty stalls stable cows in greater comfort; comfortable cows give more milk. Beatty stalls cut labour costs to the very minimum. For increased profits fit your stable with Beatty.

FOR over seventy-five years Beatty has made products for the Canadian farmer which have saved him many an hour of hard work.

To-day Beatty pumps and Stable Equipment are used in the majority of rural communities from coast to coast. For quality and long service Beatty products are the finest in the world. Proper planning to-day is more essential than ever. As a service to Canadians, Beatty engineering service has solved pump installations, barn and stable planning for thousands.
